CORE hosts the world's largest collection of open access research outputs, which are used and referenced by people globally, including researchers, libraries, software developers, funders.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Open University (OU) has awarded a one (1) year agreement to Qubit Labs to provide software development and associated activities, to support the CORE OU project.

The CORE code base contains more than 250k lines of code. Qubit personnel have the required training, expertise and specialist knowledge to operate and develop the CORE

infrastructure. The cost and time to upskill another company to the level required precludes the award of the contract to a company other than Qubit.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2024/S 000-019740](#)
