Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Voluntary Occurrence Reporting (VOR)

Reference number

HSE T4719

II.1.2) Main CPV code

- 71000000 - Architectural, construction, engineering and inspection services

II.1.3) Type of contract

Services

II.1.4) Short description

HSE is seeking to put in place a contract for the provision of a Voluntary Occurrence Reporting System (VOR) for a period of three years (estimated to be 01 July 2025 to 30 June 2028) with provision to extend by a further two years in annual increments. It should be noted that it is HSE's expectation that any reports that are received prior to the contract expiry/termination date will be managed to a conclusion by the appointed Supplier.

The delivery of a Voluntary Occurrence Reporting (VOR) system will need to encompass the professional and expert consideration of information about building safety in the built environment in terms of fire and structural issues, with reports submitted and published via an online portal. Professionals should also have the option to submit reports offline (using a form created for that purpose) and the operator must provide a service for the receipt and processing of these reports.

It fulfils the statutory requirement for the regulator to appoint someone to deliver a voluntary reporting system, and the information received will also contribute to delivery of the statutory duty of the regulator to keep the safety and standard of buildings under review under Section 5 of the Act.

The VOR system will also help to promote both a positive and learning culture within industry which will emphasise industry taking responsibility in developing and sharing solutions within the built environment, enabled by the operator

II.1.5) Estimated total value

Value excluding VAT: £1,620,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 71200000 - Architectural and related services
- 71300000 - Engineering services
- 71400000 - Urban planning and landscape architectural services
- 71500000 - Construction-related services
- 71600000 - Technical testing, analysis and consultancy services

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)
- UKD - North West (England)
- UKE - Yorkshire and the Humber
- UKF - East Midlands (England)
- UKG - West Midlands (England)
- UKH - East of England
- UKI - London
- UKJ - South East (England)
- UKK - South West (England)
- UKL - Wales
- UKM - Scotland

II.2.4) Description of the procurement

HSE is seeking to put in place a contract for the provision of a Voluntary Occurrence Reporting System (VOR) for a period of three years (estimated to be 01 July 2025 to 30 June 2028) with provision to extend by a further two years in annual increments. It should be noted that it is HSE's expectation that any reports that are received prior to the contract expiry/termination date will be managed to a conclusion by the appointed Supplier.

The delivery of a Voluntary Occurrence Reporting (VOR) system will need to encompass the professional and expert consideration of information about building safety in the built environment in terms of fire and structural issues, with reports submitted and published via an online portal. Professionals should also have the option to submit reports offline (using a form created for that purpose) and the operator must provide a service for the receipt and processing of these reports.

It fulfils the statutory requirement for the regulator to appoint someone to deliver a voluntary reporting system, and the information received will also contribute to delivery of the statutory duty of the regulator to keep the safety and standard of buildings under review under Section 5 of the Act.

The VOR system will also help to promote both a positive and learning culture within industry which will emphasise industry taking responsibility in developing and sharing solutions within the built environment, enabled by the operator

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £1,620,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in days

36

This contract is subject to renewal

Yes

Description of renewals

This contract is for 3 years plus 2 x 1 yearly extensions subject to both parties agreement.
