Scope

Description

Active Blackpool are seeking a partnership with an external company to work with the service to create and deliver bespoke customer journey communication to drive participation in physical activity and increase commercial revenue.

The successful bidder will be required to gain a full understanding of Active Blackpool's service and objectives and how the bespoke customer journey will form an important part achieving these aims.

The aim of implementation would be to utilise existing available datasets to identify individual member usage and preferences and use API's to channel this data into centralised system. This system would then be used to create automated processes to ensure appropriate communications are sent out to individual members.
