Details of the award decision-makers: NHS LLR ICB Strategic Commissioning Group on 28th of January 2025

Any declared conflicts or potential conflicts of interest of individuals making the decision and how these were managed:

- None were declared.

The Contracting Authority has assessed the provider's suitability and technical / professional ability to undertake this service based on their current activities and performance. The provider's economic and financial standing has been considered in proportion to the contract value and terms.

Relative importance and rationale for the relative importance of the key criteria, and the rationale for choosing the provider with reference to the key criteria:

1. Quality and innovation

BPAS are achieving all of the current contract KPI requirements and service users report excellent satisfaction rates. Quality and safeguarding compliance are assured via current contract management processes. The provider promotes innovation, for instance in their telephony and web user interfaces, to improve data capture, quality of service and support business continuity.

2. Value

The service has been evaluated as offering good value in terms of costs, and overall benefits to service users.

3. Integration, collaboration and service sustainability

BPAS actively participates in the ICB hosted Women's System Partnership, which is a strategic forum designed to bring together women's health leads and partners across LLR to improve health outcomes and access, as well as reducing health inequalities.

4. Improving access, reducing health inequalities and facilitating choice

- BPAS has worked pro-actively with the ICB, making use of a variety of local media, to ensure that women are aware of how termination of pregnancies funded by the NHS can be accessed.
- BPAS also provides choice by offering the use of any location within the country which enables service users additional confidentiality.

5. Social value

In addition to abortion advice and treatment BPAS provide pregnancy testing, counselling, Sexually Transmitted Infection screening and contraception through the network of reproductive healthcare centres.

BPAS also provide specialist contact centre services to the NHS such as Central Booking Services to speed up access to abortion treatment across a range of NHS and agency providers.

All income generated from the services provided by BPAS is invested in UK services and advocacy work.
