I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

GMCA 825 Household Waste Recycling Centre at Reliance Street, Manchester

Reference number

DN763551

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

GMCA are seeking to provide a new HWRC facility at Reliance Street to improve recycling rates, improve traffic management and provide improved waste segregation. The existing facility is an aging asset with a small and inefficient layout.

The proposed development has been designed to ensure efficiency of movement from both public and operational perspectives, from a public point of view, this means provision of separate entrance and exit off Reliance Street and provision of double lane width around the one-way system.

This layout will improve access and traffic management particularly in higher volume periods, allowing Suez to safely manage traffic during higher demand periods.

The scope of the works for related to the proposed HWRC includes, but is not limited to:

Site establishment – accommodation, welfare and enabling works.

Site clearance works

Demolition and removal of structures, slabs and services

Ground works, all below ground construction and drainage activities

Piling works and structures, concrete works and surface finishes as per the tender

drawings and piling details provided in Appendix D – Kellers Piling Proposal

Boundary fencing, railings, access stairs and barriers

All white lining and pedestrian line colour markings and site signage.

Installation and integration of re-use shop and welfare building (Reuse container and welfare building to be supplied by GMCA)

Electrical, Lighting, CCTV and other service installations

All required testing and commissioning

Site De-mobilisation

Project completion

II.1.5) Estimated total value

Value excluding VAT: £4,500,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

GMCA are seeking to provide a new HWRC facility at Reliance Street to improve recycling rates, improve traffic management and provide improved waste segregation. The existing facility is an aging asset with a small and inefficient layout.

The proposed development has been designed to ensure efficiency of movement from both public and operational perspectives, from a public point of view, this means provision of separate entrance and exit off Reliance Street and provision of double lane width around the one-way system.

This layout will improve access and traffic management particularly in higher volume periods, allowing Suez to safely manage traffic during higher demand periods.

The scope of the works for related to the proposed HWRC includes, but is not limited to:
