### **Scope**

### **Description**

This contract relates to the supply, delivery, installation and commissioning of three operating tables and associated proprietary accessories for use at King George Hospital. The award supports clinical standardisation with existing operating tables already in use at the site.

The contract was formed following completion of the statutory standstill period. Due to manufacturing lead times and delivery scheduling, installation and operational use of the equipment is anticipated to commence from April 2026.

## **Procedure**

### **Procedure type**

Direct award

### **Direct award justification**

Switching to direct award

This procurement did not proceed to a competitive tendering procedure as the requirements could only be met by a single supplier holding manufacturer-confirmed exclusive rights to the specific operating table system and associated proprietary accessories.

Competition was therefore not viable, as alternative suppliers could not meet the Trust's clinical, technical and standardisation requirements without introducing incompatibility and clinical risk. Accordingly, the Trust proceeded directly to a lawful direct award in accordance with Schedule 5, Paragraph 6(a) and 6(b) of the Procurement Act 2023.
