I.6) Main activity

Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Hermitage Stream Catchment Restoration Framework Agreement

II.1.2) Main CPV code

- 45246000 - River regulation and flood control works

II.1.3) Type of contract

Works

II.1.4) Short description

Portsmouth Water is seeking contractors to undertake improvement measures to watercourses and habitats in the Hermitage Stream Catchment affected by the new Havant

Thicket Reservoir Project. The procurement is for a multi-supplier framework agreement for works. Suppliers should be able to demonstrate design and build capability based on broadly similar projects for undertaking improvement measures to watercourses and habitat. The scope of works entails civils and environmental improvement measures. Further information about the scope of the works and the procurement process will be provided to suppliers responding to this Contract Notice.

II.1.5) Estimated total value

Value excluding VAT: £7,295,044

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45000000 - Construction work
- 45100000 - Site preparation work
- 45111200 - Site preparation and clearance work
- 45111240 - Ground-drainage work
- 45112000 - Excavating and earthmoving work
- 45112200 - Soil-stripping work
- 45112360 - Land rehabilitation work
- 45112400 - Excavating work
- 45112500 - Earthmoving work
- 45112700 - Landscaping work
- 45232451 - Drainage and surface works
- 45240000 - Construction work for water projects

- 45246100 - River-wall construction
- 45246200 - Riverbank protection works
- 45247100 - Construction work for waterways
- 45262640 - Environmental improvement works
- 71240000 - Architectural, engineering and planning services
- 71242000 - Project and design preparation, estimation of costs
- 71248000 - Supervision of project and documentation
- 71320000 - Engineering design services
- 71322000 - Engineering design services for the construction of civil engineering works
- 71322400 - Dam-design services
- 71541000 - Construction project management services
- 77000000 - Agricultural, forestry, horticultural, aquacultural and apicultural services
- 77300000 - Horticultural services
- 77310000 - Planting and maintenance services of green areas
- 77340000 - Tree pruning and hedge trimming

II.2.3) Place of performance

NUTS codes

- UKJ31 - Portsmouth

II.2.4) Description of the procurement

Portsmouth Water intends to proceed by procuring a framework agreement to enable mini-competitions for the detailed design and construction of works as required. There will be a two stage selection process. A pre-qualification stage will select 4 suppliers to submit their tenders for a specified package of works. The highest scoring supplier will be awarded the first call-off contract and the top 3 bidders appointed to the framework agreement. Further works will be awarded on the basis of a mini-competition under the terms of the framework

agreement. On different reaches of watercourses within the wider catchment of the Hermitage Stream a combination of detailed design, civil engineering and environmental measures will be required such as:

- removal of concrete bed and banks;
- replacements of headwalls;
- reprofiling bed and banks;
- redistribution of bed material;
- erosion protection measures;
- new channel creation and backwater features;
- removal of trees and coppicing;
- replanting;
- addition of wood into channels;
- pond creation;
- localised bank excavation and reprofiling;
- flood plain excavation; and
- removal of existing bank protection.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £7,295,044

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

96

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 4

Maximum number: 4

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

A contingency for additional works, which are not currently defined, is included within the estimated value of the works.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Selection criteria as stated in the procurement documents

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

Selection criteria as stated in the procurement documents

III.1.6) Deposits and guarantees required

Portsmouth Water reserves the right to require parent companies to provide guarantees in support of a subsidiary. Sub-contractor collateral warranties and other forms of security will be required as appropriate. Further details and requirements will be provided in procurement documentation.

III.1.7) Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

This will be described in the Invitation to Tender

III.1.8) Legal form to be taken by the group of economic operators to whom the contract is to be awarded

Portsmouth Water will accept expressions of interest and Tenders from single entities or consortia. Consortia are not required to form a single legal entity. Portsmouth Water will consider contracting with a consortium, providing always that the participants assume joint and several liability for all of the obligations of the consortium under the Contract. Further details and requirements will be provided in the procurement documentation.

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

N/A.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 3

IV.1.4) Information about reduction of the number of solutions or tenders during negotiation or dialogue

Recourse to staged procedure to gradually reduce the number of solutions to be discussed or tenders to be negotiated

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2024/S 000-029323](#)

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

14 March 2025

Local time

12:00pm

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

17 April 2025

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 12 (from the date stated for receipt of tender)

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic payment will be used

VI.3) Additional information

This procurement process uses the negotiated procedure with prior call for competition (Utilities Contracts Regulations Reg. 47), and is being conducted in successive stages. A total of 4 Applicants will be shortlisted from the first stage, i.e. pre-qualification, and will be invited to submit a tender. Interested organisations must complete and submit a completed Pre-Qualification Questionnaire by the specified closing date and time. Submissions cannot be uploaded after this return deadline. Further information about the procurement process will be provided in a pre-qualification pack provided to all suppliers responding to this Contract Notice.

Other than the Pre-Qualification Pack and Pre-Qualification Questionnaire, the procurement documents published at the date of this Notice are in outline form, and Portsmouth Water reserves the right to amend, augment and supplement any document.

Portsmouth Water reserves the right at any time to cease the procurement process and not award any contract or to award only part of the opportunities described in this Notice. If

Portsmouth Water takes up this right, then it will not be responsible for or required to pay the expenses or losses, which may be incurred by any organisation or Tenderer resulting therefrom. Except for the Contract(if any), concluded with the successful Tenderer, nothing in the procurement process shall create a contract, whether express or implied, between Portsmouth Water and any Applicant or Tenderer.

Portsmouth Water intends to select 4 Applicants to invite to tender.

Portsmouth Water may conduct the negotiations in successive stages in order to reduce the number of Tenders to be negotiated, by applying the award criteria specified in the ITT. It reserves the right at any time to close negotiations and award the Contract.

Portsmouth Water undertakes to hold confidential any information provided in the proposal submitted, subject to its obligations under the law including Environmental Information Regulations 2004 (EIR) and the retained EU law version of the General Data Protection Regulation ((EU) 2016/679). If the organisation considers that any of the information submitted in the proposal should not be disclosed because of its sensitivity, then this should be stated with the reason for considering it sensitive. Portsmouth Water will then endeavour to consult with the Applicant about such sensitive information when considering any request for information (e.g. under the EIR), before replying to such a request.

Portsmouth Water reserves the right to carry out additional financial checks on all organisations bidding for this opportunity at any time during the procurement process. This is to ensure that they continue to meet its requirements and remain financially viable to fulfil the requirements under the proposed contracts.

VI.4) Procedures for review

VI.4.1) Review body

High Court

Royal Court of Justice, The Strand

London

WC2A 2LL

Telephone

+44 2079476000

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The contracting entity will incorporate a minimum 10 calendar day (when using electronic means) standstill period at the point information on the award of the Framework Agreement is communicated to tenderers. This period allows unsuccessful tenderers to challenge the decision to award a Framework Agreement before the Agreement is executed/signed (as appropriate). The Utilities Contracts Regulations 2016 ('Regulations') provide for aggrieved parties who have been harmed or at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly and within the time limits as defined in the above regulations. Where a Framework Agreement has not been entered into the court may order the setting aside of the award decision or order the contracting entity to amend any document and may award damages. If a Framework Agreement has been entered into the court has the options to award damages and/or to shorten or order the Framework Agreement ineffective.

VI.4.4) Service from which information about the review procedure may be obtained

High Court

Royal Court of Justice, The Strand

London
