Options: Yes

Description of options

2 years with an additional 12 month extension option

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

NTL operates 10 class 158/9s which are leased from Eversholt Rail. As to ensure these can be operated, NTL are required to procure bogie overhauls in line with the maintenance regime along with ongoing repairs caused through wear and tear.

Eversholt do not hold a float of bogies to support an overhaul programme therefore it is agreed between Eversholt and Porterbrook that Northern are required to utilise the Porterbrook float to support the bogie overhauls on the 158/9s until the end of the fleets expected life cycle. Porterbrook have an agreed contract with Pullman Rail for the management of all Porterbrook-owned CI158 bogies. As such it is required that NTL has an agreement in place for the overhaul of the 158/9 bogies with Pullman.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information
