- 65400000 - Other sources of energy supplies and distribution

II.2.3) Place of performance

NUTS codes

- MW - Malawi

II.2.4) Description of the procurement

Energy Saving Trust is seeking the support of an energy access expert to support the delivery of the following activities under the LEIA programme:

i. Evaluation of SolarAid's Energy-as-a-Service Pilot

The evaluation will focus on SolarAid's EaaS pilot and will generate evidence regarding: a) the relationship between monthly payments, household incomes and default rates in the EaaS model; b) the additional costs and risks incurred collecting repayments over longer periods than envisaged in a traditional PAYG model; c) the total capex and opex costs of the model, and the extent to which these costs can be covered through revenues; d) the overall level of end-user subsidy required to make the model viable; e) the best way to structure such a subsidy. The following specific tasks are envisaged:

- Literature review
- End-User Consultation
- Stakeholder Consultation – consult

ii. Technical and Financial Analysis Narrative Report

iii. Stakeholder Consultation Regarding Potential Energy-as-a-Service Business Models and Financing Mechanisms

Requirements

Essential:

- A strong understanding of household solar and productive use markets, including business models, market barriers, financing mechanisms and other interventions.
- Deep knowledge of the Malawi and sub-Saharan African contexts
- Deep understanding of the affordability challenge in energy access and the potential solutions
- Familiarity with how energy access programmes are designed and implemented, including World Bank-financed, government-implemented programmes.

- Previous experience conducting similar project evaluation and stakeholder consultation exercises, and excellent stakeholder engagement skills.
- Familiarity with the Efficiency for Access Coalition, including its donor members and their implementing partners, as well as the Low Energy Inclusive Appliances programme
- Established network of relationships with companies, donors and investors in the energy access sector.

Team presence in Malawi and/or ability to undertake an extended trip to Malawi for the purposes of this assignment.

Desirable:

- Familiarity with EaaS business models and financing mechanisms

II.2.5) Award criteria

Quality criterion - Name: Technical Expertise / Weighting: 55%

Price - Weighting: 20%

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

As described in the ITT.
