#### **II.1.4) Short description**

This is a Call for Competition on behalf of Transport for London (TfL) inviting candidates to enter the prequalification phase for Support Services for Victims of Road Traffic Collisions in London.

Expressions of interest are invited by completion of a Supplier Selection Questionnaire (SSQ), which is found at the SAP ARIBA address above.

In 2023, there were 26,176 casualties resulting from road traffic collisions in London. 95 people were tragically killed, and 3,614 people were seriously injured.

Collective action is clearly still needed to achieve Vision Zero in London, and TfL remains committed to working closely with London's boroughs, the police and other partners to carry out the work needed to achieve this goal.

Whilst we work towards Vision Zero, in line with the 'Post-collision response' pillar of the Vision Zero Action Plan, TfL is looking to procure a service to better support victims of road traffic collisions in London.
