Tender

MEP Engineering Consultant for the New Wing

National Gallery

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-005294

Procurement identifier (OCID): ocds-h6vhtk-060b14

Published 21 January 2026, 1:27pm

Scope

Description

The National Gallery is looking to appoint a Mechanical, Electrical and Public Health (MEP) Engineering Consultant with the capability and capacity to design and support the delivery of building services for a new wing to the Gallery, located on Trafalgar Square in central London. The contract will cover RIBA stages 1 - 7.

The role of the MEP Consultant will include, as a minimum:

- Lead and coordinate Mechanical, Electrical and Public Health engineering design inputs in support of the project brief and architectural intent.
- Develop MEP design information appropriate to each RIBA stage, including calculations, reports, drawings, schematics, schedules, specifications/performance requirements and coordination information.
- Coordinate MEP interfaces with the Architect, other engineers, specialist designers and the wider project team, including interfaces with existing services and live operational constraints.
- Support statutory and technical approvals, including Building Regulations compliance and relevant authority engagement, and provide technical input to planning / heritage

submissions where required.

- Support procurement activities, tender queries, design development during contractor procurement, and respond to technical clarifications.
- Provide construction-stage support including responses to RFIs, inspections as required, review of contractor design (where applicable), commissioning support, witnessing and sign-off activities, and support to handover, soft landings and defects.

Total value (estimated)

- £2,750,000 excluding VAT
- £3,300,000 including VAT

Above the relevant threshold
