II.2.4) Description of the procurement

The predominant type of activity under this framework will be to deliver a responsive and planned property repairs, investment and management service to Torus property assets, in Northwest region of the UK and surrounding areas, currently set at approx. 38,000 homes, which may increase during the life of the framework.

- The primary workstreams to be delivered through this framework are: -
- Responsive Repairs on a 24/7, 365 days a year basis
- Void Repairs;
- Legislative Compliance and Servicing; such as gas servicing and responsive repairs and electrical testing with associated servicing repairs
- Cyclical Maintenance;
- Estate Services (including ground maintenance, trees and communal cleaning);
- Investment Work;
- Facilities Management (Hard FM)

Torus proposes to enter into a Framework Agreement with five top ranked Service Providers for a period of four years.

Presently, the areas that will be covered are Liverpool, St Helens, Warrington, Cheshire East and West, Chester, Wirral, Knowsley, Sefton, West Lancashire and Wigan properties, however in the future this could expand with new developments, acquisitions or the possibility of another housing association joining the group therefore the supplier may be asked to carry out works outside of these areas but still within the Northwest region and surrounding areas.

Torus is carrying out this procurement on behalf of itself as principle and as parent company of the Torus Group, however the framework will also be accessible to the wider Torus Group, and any other registered providers of social housing located within the North West, West Midlands, East Midlands, Yorkshire and Humber and Wales.

The NUTs code for North West England has been selected but could expand into neighbouring areas.
