Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Heating and Hot Water Systems Framework

Reference number

EEM0026

II.1.2) Main CPV code

- 50720000 - Repair and maintenance services of central heating

II.1.3) Type of contract

Services

II.1.4) Short description

Efficiency East Midlands Ltd (EEM) is a not for profit consortium which establishes and manages a range of framework and DPS agreements. Our membership has now grown to 222 public sector organisations including housing associations and ALMO's, Local Authorities, NHS trusts, Education Providers, Blue Light Services, Government Agencies and Charities.

EEM have also established a formal collaboration with 3 like-minded procurement consortia - Westworks, South East Consortium and Advantage South West. The membership list for these three consortia may be obtained from the following website addresses:

www.westworks.org.uk

www.southeastconsortium.org.uk

www.advantagesouthwest.co.uk

EEM wishes to procure and enter into framework agreements with multiple Contractors for the provision of heating and hot water systems servicing, maintenance, repairs and Installations. A range of fuel types will be covered by the framework including but not limited

to; gas, solid fuel, oil and renewable heating systems.

The framework will be tendered and awarded based on the following lots:

- Lot 1 - Domestic Heating Servicing, Maintenance, Repairs and Installations
- Lot 2 - Commercial Heating Systems - Servicing, Maintenance, Repairs and Installation
- Lot 3 - Renewable Heating Systems Servicing, Maintenance, Repairs and Installations
- Lot 4 - Heating System Auditing and Consultancy Services

Each of the above lots have been split into geographical sublots:

Sublot 1 - Midlands

Sublot 2 - National Coverage

Contracting Authorities who require a single contractor to manage the servicing and/or installation programmes across their domestic, commercial and or renewable heating system stock can compliantly procure a single contractor via EEM0026. Contracting Authorities can use either a Direct Selection or Mini Competition to appoint a contractor and only the Contractors who sit across all the relevant work stream lots and geographical sublots the Contracting Authority is looking to use can participate in the selection process. Further details and guidance on the lot structure for this framework can be located within Part A of the tender documentation.

II.1.5) Estimated total value

Value excluding VAT: £500,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 4

II.2) Description

II.2.1) Title

Domestic Heating System Servicing, Maintenance, Repairs, and Installations

Lot No

- UKK - South West (England)
- UKL - Wales

II.2.4) Description of the procurement

Lot 1 is being created to support Members manage the servicing and maintenance of their domestic property heating systems ensuring compliancy and adherence to servicing cycles, repairs and emergency callouts will also be covered by this lot. Lot 1 includes the for the supply and installation of new boilers, heating systems, alterations and full and partial upgrades as required to a range of fuel systems.

The following services are not an exhaustive list of services covered by Lot 1.

- Basic and comprehensive servicing, maintenance, and repair of domestic heating systems
- Servicing, maintenance, and repair of domestic boilers
- Attendance to break downs and emergency repairs
- Back-up to in-house Gas Team for domestic gas repairs and servicing
- Installation of boilers and heating systems, alterations and full and partial upgrades as required to a range of fuel systems.
- Gas safety Inspection and landlords certification

- Any additional elements of work associated with the above listed or relevant to Lot 1.

All of the services described above are mandatory elements covered by Lot 1 of the framework. Bidders should not submit a bid unless they are able to deliver all elements of the works required under the lot they are applying for.

Lot 1 is split into geographical sublots and EEM reserve the right to appoint up to 8 Contractors on to each subplot:

Sublot 1 - Midlands

Sublot 2 - National Coverage

Contractors MUST be able to provide services in at least three of the sub regions (Counties) listed within the tender documents for Sublot 1 Midlands and at least Six of the sub regions (Counties) listed for Sublot 2 National Coverage.

The final number of Contractors appointed on to each lot and subplot of the Framework will depend on the outcome of the tender evaluation and organisations meeting minimum score requirements for the quality element of the evaluation.

The framework is being procured by Efficiency East Midlands Ltd (EEM) on behalf of their members and the other organisations described in this notice as being authorised users. The call-off contracts to be awarded pursuant to the framework agreements to be entered at conclusion of the procurement exercise may extend for a duration of up to 5 years beyond expiry of the 4-year framework term. The estimated lot value as described in this notice takes into account the full framework term, the possibility that the EEM membership may grow over the framework lifetime and the lots and geographical sub-lots .

II.2.5) Award criteria

Quality criterion - Name: Minimum Framework Requirements Assessment / Weighting: Pass/Fail

VI.3) Additional information

The call-off contracts to be awarded pursuant to the framework agreements to be entered at conclusion of the procurement exercise may extend for a duration of up to 5 years beyond expiry of the 4-year framework term.

Please note that the total potential framework value stated within this notice is in relation to the full 4-year framework and takes into consideration the lot structure, length of call off contracts and that the EEM membership may grow over the framework lifetime .

Where the contract notice states a maximum of suppliers to be appointed to the Framework, this means within each lot. EEM reserves the right to appoint less than the numbers stated.

This framework is being procured by Efficiency East Midlands Ltd (EEM) on behalf of their members and the other organisations described below as being authorised users. The following contracting authorities will be entitled to agree and award contracts under this framework agreement as Authorised Users:

1) any Member of EEM which for the avoidance of doubt currently includes 3 partner consortia - Westworks(www.westworks.org.uk), Advantage South West (www.advantagesouthwest.co.uk) and South East Consortium (www.southeastconsortium.org.uk). A full list of current members is available at www.eem.org.uk

2) any future member of EEM or our partner consortia and in all cases being an organisation which has applied to join EEM or our partner consortia in accordance with the applicable constitutional documents;

3) An EEM participant being an organisation which is neither a current or EEM member (as defined at 1 above) nor a future member of EEM (as defined at 2 above)

Further details regarding the authorised users of this framework can be found in the ITT documents. To respond to this tender or review the documentation, please:

1) Go to the portal <https://xactive.supplierselect.com>

2) If you need to register a new account follow the prompts to set up your organisation;

3) When you sign in select 'Public Projects' from the menu (top right). A list of all open tenders will be displayed;

4) Select 'EEM0026 Heating and Hot Water Systems Framework' from the list of projects and then 'Create Opportunity'. That will give you access to the basic information;

5) Click 'Accept Opportunity' to get more detail including all clarification logs. There is no obligation to submit a response;

6) If you do wish to submit a response, do so before the deadline by changing the status to submitted. You will only be allowed to submit if every mandatory question is answered.
