- 35710000 - Command, control, communication and computer systems
- 42961000 - Command and control system

II.2.3) Place of performance

NUTS codes

- UKD61 - Warrington

Main site or place of performance

Warrington

II.2.4) Description of the procurement

NW Firecontrol Limited ("NWFC") serves 5.5 million people over a geographical area of 5000 square miles. This primarily comprises the regions of; Cheshire, Cumbria, Greater Manchester and Lancashire, with the ability to support other control rooms in times of need. As the first port of call to the public, NWFC coordinates the Fire & Rescue Services' response ensuring incidents are logged and managed throughout.

The following provides an overview of NWFC's requirement:

The provision of a new Computer Aided Dispatch (CAD), which works in conjunction with the Integrated Communication Control System (ICCS), and its associated services.

Design, delivery and implementation of all software, hardware and data storage solutions (inclusive of planning, testing, security and upskilling) to provide control and mobilising capability across multiple geographical areas, considering remote accessibility and integration to existing Fire Authority infrastructure.

24/7, 365 days per year maintenance and support for all software, hardware and data storage solutions, inclusive of ongoing updates provided to keep pace with technological and service enhancements throughout the life of the contract.

Overarching data management process to include all Fire Authority and non-Fire Authority data sources (inclusive of legacy data where required). This will manage the segmentation (where needed) and delivery of data into the live operational systems provided by/interfaced with the solution.

The contract term is from 20 January 2025 to 10 July 2033 with optional 3 x 1 year extension periods after that to 10 July 2036.

Several of the award criteria set out at II.2.5 were further subdivided as follows:

Mobilising System Solution – Core Requirements:

- Core Functionality Requirements: 3%
