## **Section VI. Complementary information**

### **VI.3) Additional information**

Written representations should be sent to [procurement@brent.gov.uk](mailto:procurement@brent.gov.uk)

Details of the award decision-makers - Brent Cabinet resolved to approve the direct award of the contract.

<https://democracy.brent.gov.uk/documents/s147562/10.%20Award%20of%20contract%20for%20provision%20of%20Speech%20Language%20Therapy%20Final%20report.pdf>

Note any declared conflicts or potential conflicts of interest of individuals making the

decision and how these were managed - There are no identified conflicts of interest. A report was prepared by the Officer recommending the award and the decision was made and taken by the Council's Cabinet.

Relative importance of the key criteria that the relevant authority used to make a decision - The existing provider was assessed against key criteria which were equally weighted and the provider scored satisfactorily against the assessed criteria as set out below.

Assessment of the existing provider's current performance against the existing contract taking into account the established key criteria:

Quality and innovation 30%

Provider will be able to satisfy the new contract to a sufficient standard.

The service should support the Local Authority to fulfil its statutory duties through the delivery of the

services within this contract.

Resources are to be recruited to meet the projected increase and growth annually.

Value 30%

Provider will be able to satisfy the new contract to a sufficient standard.

The provider actively engages in reviewing gaps in provision with key partners and is working to understand how resource can support the new model of delivery.

Integration, collaboration and service sustainability 25%

Provider will be able to satisfy the new contract to a sufficient standard.

The service is currently meeting the Borough based plan, and the new service specification and contract outlines opportunities for the provider to do this again. For example, CLCH sits on the steering group for the Start for Life programme.

Improving access, reducing health inequalities and facilitating choice 5%

Provider will be able to satisfy the new contract to a sufficient standard.

The new specification outlines an equitable and inclusive Speech and Language Therapy Service to

children and young people aged from 0 to 25 years with an Education Health Care Plan, where SaLT has been identified as a need in Section F, within linked early years settings, mainstream schools and ARPs (both in and out borough) and, where applicable, some young people attending further educational facilities including colleges.

The service delivers training to staff in schools to support implementation of the programme.

Social value 10%

While there is no specific commitment to the Council's Social Value and Ethical Procurement policy, the provider is actively engaged in reviewing gaps in provision with key partners within the wider system and is working to understand how resource can support the new model of delivery. This supports improvements in the cohort's life chances to realise their aspirations by ensuring early intervention at all ages and support for children, young people and families.
