II.1.4) Short description

This Framework was established in February 2021 to replace the previous Dynamic Purchasing System operated by Salisbury NHSFT.

This Framework operates at two levels - Level One, where any suitably qualified and eligible provider can submit details of all the apprenticeships they offer, and employers can then either direct award or, via Salisbury, conduct a further competition against their local needs. Level Two will be a smaller number of providers for a specific standard, appointed via a Further Competition, using a higher selection criteria published with each ITT.

Both levels of listing are open across all our eligible public and third sector organisations. Level Two listed providers can be selected either by employer direct award or a further competition amongst those listed.

Any Provider applying to the Framework must meet all the pass/fail criteria listed on the Response Document, and must only submit responses via Salisbury's Bravo procurement portal.

All Providers must agree to the Framework terms and conditions published on the Bravo portal - amendments to those Terms will not be made for specific providers.

Interested providers must complete the relevant submission on Salisbury's Bravo procurement portal in order to be considered. Please note the final selection of providers to award is a decision for employers and this Framework does not represent a spend commitment by any organisation.

Please note this is an annual refresh - if you are an existing provider, you MUST resubmit using the template on this issue, including updating previous learner achievement data. Providers who do not respond to this Update will no longer be listed on the Framework.

Additionally, if you are a provider who has only previously responded / been awarded under a profession specific procurement (reference numbers beginning C1546...) you must also submit a response to this Framework in order for that earlier award to remain valid. This excludes awards under C2099 (Advanced Clinical Practice), C2443 (Nursing and Midwifery), and C2593 (Paramedic).

This Requirement is for the March 2022 opening of the Framework, to allow for the following :

- 1 - Existing providers to update their course listing (using the Excel document issued on the Bravo portal only)
- 2 - New providers to apply to join the Framework
- 3 - Existing providers to advise of changes in their status, e.g. contact details or Ofsted rating.

Do I need to respond to this opening?

Yes - New provider applying to join

Existing provider adding new programmes

Existing provider with changes in details / Ofsted rating

Existing provider who's course data (achievement rates, etc) have changed

Existing provider with no changes to courses offered (update achievement data)

Please note we have added a "course weblink" column to the response spreadsheet, to enable providers to direct employers to further information. Existing suppliers with no other changes do not need to add this, it is not a mandatory field, but employers may select providers offering such information instead.

II.2.4) Description of the procurement

This Framework was established in February 2021 to replace the previous Dynamic Purchasing System operated by Salisbury NHSFT.

This Framework operates at two levels - Level One, where any suitably qualified and eligible provider can submit details of all the apprenticeships they offer, and employers can then either direct award or, via Salisbury, conduct a further competition against their local needs. Any Provider applying to the Framework must meet all the pass/fail criteria listed on the Response Document, and must only submit responses via Salisbury's Bravo procurement

portal.

All Providers must agree to the Framework terms and conditions published on the Bravo portal - amendments to those Terms will not be made for specific providers.

Interested providers must complete the relevant submission on Salisbury's Bravo procurement portal in order to be considered. Please note the final selection of providers to award is a decision for employers and this Framework does not represent a spend commitment by any organisation.

Please note this is an annual refresh - if you are an existing provider, you MUST resubmit using the template on this issue, including updating previous learner achievement data. Providers who do not respond to this Update will no longer be listed on the Framework.

Additionally, if you are a provider who has only previously responded / been awarded under a profession specific procurement (reference numbers beginning C1546...) you must also submit a response to this Framework in order for that earlier award to remain valid. This excludes awards under C2099 (Advanced Clinical Practice), C2443 (Nursing and Midwifery), and C2593 (Paramedic).

This Requirement is for the March 2022 opening of the Framework, to allow for the following :

1 - Existing providers to update their course listing (using the Excel document issued on the Bravo portal only)

2 - New providers to apply to join the Framework

3 - Existing providers to advise of changes in their status, e.g. contact details or Ofsted rating.

Do I need to respond to this opening?

Yes - New provider applying to join

Existing provider adding new programmes

Existing provider with changes in details / Ofsted rating

Existing provider who's course data (achievement rates, etc) have changed

Existing provider with no changes to courses offered (update achievement data)

Please note we have added a "course weblink" column to the response spreadsheet, to

enable providers to direct employers to further information. Existing suppliers with no other changes do not need to add this, it is not a mandatory field, but employers may select providers offering such information instead.

Supplier Eligibility

In order to be approved onto the Framework, providers must :

- Be fully registered on the Register of Approved Training Providers (where offering apprenticeship training provision) and/or the Register of End Point Assessment Organisations (where offering end point assessment). Organisations with a current rating of "Requires Improvement" or "Inadequate" may not apply.
- Provide (for all programmes) at least one resit per module free of charge, and one retake at End Point Assessment (regardless of appointed EPAO where not integrated)
- Where an Ofsted rating has been issued, this must be Grade 1 (Outstanding) or Grade 2 (Good). Where an Ofsted Monitoring Report has been issued, this must be either for Significant Progress or Reasonable Progress.
- Organisations experiencing a reduction in their Ofsted rating / visit to a rating below the above criteria will be suspended from the Framework until their Ofsted rating meets the criteria above.
- Organisations without a current Ofsted rating / visit may still apply but must meet all other quality criteria.
- Providers must, for each Apprenticeship they are wishing to be listed for, provide details of starts / completions / success and attrition on their Framework Response form. Any provider with more than 50% of their starts on an Apprenticeship who fail to complete that Apprenticeship will not be listed for that standard.
- No Providers offering a cost above the ESFA funding band for the apprenticeship will be listed for that Apprenticeship.
- Where a Standard requires Professional Body approval to deliver, the Provider must either (a) have that approval in place at the time of submitting that Standard onto the framework, or (b) be reasonably expecting to gain that approval before the next scheduled opening of the Framework. Where neither of these criteria can be fulfilled, the Provider must wait until the next opening of the Framework to submit that Standard. Where employers / regions run a Further Competition for that standard, providers may respond with a roadmap to professional body accreditation acceptable to the Employers.
- University providers must agree not to use UCAS points as selection criteria for any

programme, and must work with employers to accept prior or experiential learning, and bridging programmes, in order to accept learners onto programme.

Regional / National Delivery

The Framework Response document asks for delivery locations of any face to face / physical delivery of training. Two criteria apply for selection onto the Framework :

- "National" delivery may only be selected by a Provider where they either have a physical location in all of the seven regions listed, or where they will deliver training within every region (e.g. at employer location) without requiring the learner to travel to a location outside of the region in which they are employed.
- If a provider requires learners to travel to any location, for any part of the Apprenticeship training, then the provider will only be listed as delivering in that location.
- This does not affect the ability of Employers to select those providers, regardless of where the Employer is based, if they are able to support their learners travelling to the Provider's location.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system
