Decision makers - Service Manager, Deputy Chief Finance Officer

No conflicts of interest noted

Key criteria the Authority used: -

25% Quality & Innovation - Service provider has experience of this service to an acceptable standard. Rationale for weighting – heavily regulated service, with stipulated quality standards and high risk associated with non-conformance.

25% Value- In line with current pricing and NHS annual increases applied. Rationale- service needs to demonstrate value for the organisation, considering current financial constraints.

35% Integration, Collaboration & service sustainability - Working across the South 6 Trusts and provides a service as required, which meets the needs of DCHFT. Rationale – heavy dependency working across the South 6 and One Dorset Pathology.

5% Improving access, reducing health inequalities, and facilitating choice - Close proximity

to Trust ensuring timely & effective results and information is readily available in electronic format. Rationale – low impact due to scope of service.

10% Social value - Local supplier, results in low carbon impact on transport. Rationale – low value due to scope of service.
