Section VI. Complementary information

VI.3) Additional information

The successful contractor's performance on the framework will be regularly monitored in line with the tender documentation. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve. If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in CPD for further action. If this occurs and their performance still does not improve to satisfactory levels within the specified period, it may be regarded as an act of grave professional misconduct and they may be issued with a Notice of Unsatisfactory Performance and the contract may be terminated. The issue of a Notice of Unsatisfactory Performance can result in the Contractor being excluded from all procurement competitions being undertaken by Centres of Procurement Expertise on behalf of bodies covered by the Northern Ireland Procurement Policy for a period of three years from the date of issue.

VI.4) Procedures for review

VI.4.1) Review body

The UK does not have any such bodies with responsibility for appeal/mediation procedures. Instead; any challenges are dealt with by the High Court, Commercial Division, to which proceedings may be issued regarding alleged breaches of the PCR 2015 as amended.

Belfast

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

CPD complied with the Public Contracts Regulations 2015 and incorporated a standstill period (i.e. a minimum of 10 calendar days) at the point information on the award of contract was communicated to tenderers. That notification provided full information on the award decision. This provided time for the unsuccessful tenderers to challenge the award decision before the contract was entered into.
