Explanation:

This is a Provider Selection Regime (PSR) confirmation of contract award notice. This contract has been awarded under the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award

NHS Provider Selection Regime Direct Award C. The current incumbent, Young People Cornwall, was considered against the 5 key criteria. These criteria are not weighted differently as they are equally important for this service.

1. Integrated delivery with other organisations. To change Providers would mean breaking established relationships and integrated systems across further education, secondary education, community and primary care and specialist services.
2. Alliance lead. The charity is already lead agent in the delivery of FE and Open Access Hubs with others who have expressed an enthusiasm to work with them on innovative alliance models with shared funding, governance and system working over time as their ambition. To change organisations would undermine years of work building relationships, trust and credibility between organisations who now feel a point has been reached where a more 'formal' arrangement could be worked towards.
3. No concerns around activity delivered, quality, safety, transparency of performance or value for money.
4. Supporting development of VCSE sector partners that can sustain delivery of the health transformation agenda, reporting needs and governance compliance.
5. Opportunity for further innovation developing the models already being trialled that are consistent with local and national directions of travel, building on the foundation work of workforce development, financial investment, model development and partner trust needed.

There have been no representations during the required standstill period, therefore we are issuing this award notice.
