Port-related activities

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Port of Dover Maintenance Dredging 2024-2028

II.1.2) Main CPV code

- 98360000 - Marine services

II.1.3) Type of contract

Services

II.1.4) Short description

The works consist of the maintenance dredging of the berth, basins and approaches in the Port of Dover. The primary scope of works is the restoration of advertised depths within the Inner Harbour, Outer Harbour and the Eastern Docks. Dredging shall be carried out by trailing suction hopper dredger only. Bed levelling is also permitted. The sediment sample test results classify the sediment as the fine sandy silt.

With respect to disposal, material from the Port of Dover can only be placed at the designated offshore disposal site, DV010.

Any navigation beacons which have to be removed in connection with the Contract will be removed and re-established by the Contractor.

Pre-dredge surveys to be carried out by Employer using a multi-beam echo sounder, resulting in near total seabed coverage, intermediate or during dredge surveys conducted by the contractor will be verified by the Employer.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 98360000 - Marine services

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

Main site or place of performance

The Port of Dover

II.2.4) Description of the procurement

The works consist of the maintenance dredging of the berth, basins and approaches in the Port of Dover. The primary scope of works is the restoration of advertised depths within the Inner Harbour, Outer Harbour and the Eastern Docks. Dredging shall be carried out by trailing suction hopper dredger only. Bed levelling is also permitted. The sediment sample test results classify the sediment as the fine sandy silt.

With respect to disposal, material from the Port of Dover can only be placed at the designated offshore disposal site, DV010.

Any navigation beacons which have to be removed in connection with the Contract will be removed and re-established by the Contractor.

Pre-dredge surveys to be carried out by Employer using a multi-beam echo sounder, resulting in near total seabed coverage, intermediate or during dredge surveys conducted by the contractor will be verified by the Employer.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

2 September 2024

This contract is subject to renewal

Yes

Description of renewals

4 year Framework with 1+1 extension

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

4 year Framework with 1+1 extension
