Description of Procurement

Instead of

Text

Oxfordshire Clinical Commissioning Group (the Commissioner) seeks to commission a Community Endoscopy service for patients registered with a GP in Oxfordshire. The successful provider will deliver a safe and clinically effective service that will provide rapid local access to diagnostic endoscopy for patients that will include gastroscopy, colonoscopy and flexible sigmoidoscopy.

The community based service will offer a range of elective, suspected cancer and routine community based endoscopies from across the county within geographically suitable locations to meet demand and improve travel times. The service offering will include assessment, diagnostic tests, and advice to primary care clinicians on the management of common GI conditions. The direct access primary care service for endoscopic diagnostic procedures will include gastroscopy, colonoscopy and flexible sigmoidoscopy.

The aim is to provide access to endoscopic diagnostics in the community. The Provider will work closely through regular contact and feedback with primary care, secondary care and the commissioner to support the management of patients within the primary/community care setting.

The initial contract term will be for 8 years from 6th January 2022, with an optional extension

of any period(s) up to a maximum of a further 2 years, as defined and at the discretion of the commissioners.

The financial envelope is £3.1 million per annum.

To express an interest, bidders must be registered on the e-procurement system In-Tend, available on the following link: <https://in-tendhost.co.uk/scwcsu/asp/Home> and submit a completed Supplier Questionnaire as specified within the procurement documents.

Expressions of interest and completed SQs must be submitted by 12 noon, 29th March 2021.

This procurement is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioners.
