II.2.4) Description of the procurement

The University of Edinburgh is seeking to gather market information with regards to a potential future tender opportunity - contract for planned and reactive Fire and smoke damper maintenance services.

The University of Edinburgh the services of a Contractor(s) to provide a comprehensive

servicing, maintenance and reactive works service to Fire and Smoke dampers, smoke ventilation systems and automatic fire curtains/shutters located across various University buildings.

Interested parties will be required to demonstrate they have the relevant proven experience to deliver the services which are similar in value and complexity of estate.

Due to the size of the estate it is anticipated this contract will be divided into geographical lots and therefore reduce any risk associated with delivery of services by one supplier.

The procurement strategy and tender documents are currently “work in progress” and the information provided above may change prior to tender publication.

Please record your interest in this notice if you would like to be kept informed and invited to tender if this opportunity were to go ahead. Please note, the University may also contact you prior to any tender publication for the purpose of gathering market information specific to services detailed above.

Please provide responses or note of interest by 01/03/2024 @12:00 Noon.

II.2.14) Additional information

The University of Edinburgh has produced a short summary of the requirements for the purpose of understanding interest in the market. This information will assist in the development of the specification.

II.3) Estimated date of publication of contract notice

1 March 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
