Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

The Provision of a BT Exchange Space & Power

Reference number

DN598406

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

When Greater Manchester's Digital Blueprint was launched in February 2020 it included a specific ambition to Extend Our World Class Digital Infrastructure as a cross cutting enabler to underpin the city regions economic and social ambitions.

A key element of this has been the GM Local Full Fibre Network (LFFN) "anchor tenancy" programme that is in the final stages of laying up to 2,700km of new fibre infrastructure across Greater Manchester leveraging DCMS funding plus investment from GMCA(FRS), TFGM and seven of the councils. This work will be complete by early 2022/23 and will connect approx. 1,600 public sites drive fibre into new areas of Greater Manchester.

'Lighting' the fibre is the next step, each of the public sector organisations that are part of the LFFN anchor tenancy programmes operate their own networks. Recognising that LFFN is providing a shared fibre infrastructure, in 2020 several of the partners considered the option for jointly procuring network services across the fibre infrastructure for their own organisational needs and to take advantage of the economies of scale.

A set of options were considered and it was agreed to collaboratively light the fibre with other LFFN partners giving high speed gigabit access to the GM region and all public sector bodies, by implementing a next generation, software-defined, integrated gigabit network.

Early in 2021 Bury, Oldham and Rochdale and Stockport Councils plus TFGM and GMCA(FRS) went to market to select a partner to design, build and operate the GM One

Network via a competitive dialogue process. A preferred supplier was selected in December and GMCA are working with the preferred supplier with a view to signing contracts and commencing the project early in April.

The core network will be a segment routed network transport that that will be delivered on top of the LFFN network covering 33 BT exchanges around the Greater Manchester region.

- Each exchange will have a Cisco NCS-57C3-MOD platform providing the core Segment Routing and P/PE functionality for GM One. The platform is routed optical networking (RON) ready and can be expanded to provide FSN to FSN speeds of 400Gbps.
- The Cisco N540X-6Z18G-D will provide access aggregation for exchanges with a higher density of partner site connections.

Further details and information on submitting your application can be found on Due North/The Chest

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 72000000 - IT services: consulting, software development, Internet and support

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

120

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

31 March 2022

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.7) Conditions for opening of tenders

Date

31 March 2022

Local time

12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body
