General public services

---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

YORcivil Major Works 2 Contractors Framework Agreement

Reference number

CM188

#### **II.1.2) Main CPV code**

- 45000000 - Construction work

#### **II.1.3) Type of contract**

Works

#### **II.1.4) Short description**

A framework agreement to serve all public sector bodies (and their statutory successors) and third sector organisations in the Yorkshire and Humber region and the Sheffield Local Enterprise Partnership region as detailed in the procurement documents. The works involved are principally civil engineering works, bridges/structure works, highway surfacing works, coastal works and flood alleviation works, including contractors design when required. In addition some building works may also be included. The full list of accessing bodies is detailed within VI.3. Principles of collaborative working and partnering will be key to the relationships under the framework. It is envisaged that 8 contractors will be appointed to this framework

#### **II.1.5) Estimated total value**

Value excluding VAT: £1,000,000,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 45100000 - Site preparation work

- 45200000 - Works for complete or part construction and civil engineering work
- 45300000 - Building installation work
- 45400000 - Building completion work
- 71000000 - Architectural, construction, engineering and inspection services

### **II.2.3) Place of performance**

NUTS codes

- UKE - Yorkshire and the Humber
- UKF1 - Derbyshire and Nottinghamshire

Main site or place of performance

Yorkshire and the Humber UKE and Sheffield Local Enterprise Partnership region that includes Derbyshire and Nottinghamshire (UKF1). Further details as set out in the framework procurement documents

### **II.2.4) Description of the procurement**

Main works include Integrated transportation works, highway works including new build, maintenance, repairs and related surfacing works, sewerage and drainage works including sewage treatment works (e.g. package plants and septic tanks), coastal works, flood alleviation and land drainage works, hard and soft landscaping including public realm works, sports and recreation facilities, environmental improvement and protection works, bridge works including new build, maintenance and repairs, other structures and structural work (e.g. retaining walls, reinforcement and earthworks), surfacing works including deep surfacing, patching and reconstruction, planing/ scarifying works, in-situ recycling of road surface product or other recycling techniques, specialist surfacing including coloured surfacing, anti-skid, surface texture and thin surfacing, some minor general civil engineering and / or building works and / or building refurbishment works, river and canal works that may or may not be affected by the tide. Some ancillary works including design and construction of the main works, in whole or in part or input to the design process and some associated new building works and / or building refurbishment may also be included. The coverage for both main and ancillary works may involve all or any stages of delivery including design/ project preparation, site works and also providing advice and project management services associated with these services. It is envisaged that 8 contractors will be appointed to this framework.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement

documents

#### **II.2.6) Estimated value**

Value excluding VAT: £1,000,000,000

#### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

48

This contract is subject to renewal

No

#### **II.2.10) Information about variants**

Variants will be accepted: No

#### **II.2.11) Information about options**

Options: Yes

Description of options

The framework has an initial term of 48 months and an option to extend for a further period of 2 years to allow the appointed contractors adequate time to recoup their significant initial investment in establishing processes and procedures that will deliver the improvements that the clients are seeking through this framework. These include Economic Regeneration, Carbon and Waste Reduction, Training and Employment initiatives, training of their staff to new ways of working, BIM, the Construction Playbook and Construction Innovation.

In addition there will be significant investment required from clients in undertaking the selection and evaluation process, and in particular the training of their staff and consultants to new ways of working. The partnering and collaborative working objectives that will form part of this framework may only be capable of being realised over longer periods of time than 4 years, not least because a number of Local Authorities may only start using this framework when their existing arrangements expire. Further details are set out in the framework documents.

---

## **Section III. Legal, economic, financial and technical information**

### **III.1) Conditions for participation**

#### **III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

Other additional Public Bodies operating in this Region but not specifically referred to may also use this Framework including successors to those organisations already identified and their subsidiaries. It is intended that the framework will deliver a significant proportion of the civil engineering and related works of these public sector bodies. However, these public sector bodies do not guarantee to award a minimum value or indeed any value of services under the proposed arrangement.

All financial values stated in this notice do not include VAT.

## **VI.4) Procedures for review**

### **VI.4.1) Review body**

Sheffield City Council

Sheffield

Country

United Kingdom

### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

Sheffield City Council will incorporate a standstill period at the point information on the award of the framework is communicated to tenderers. The notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the framework is entered into. The Public Contracts Regulations 2015 provide for an economic operator who suffers or risks suffering loss or damage by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).
