Section II: Object

II.1) Scope of the procurement

II.1.1) Title

EV Charging Infrastructure

Reference number

DN718800

II.1.2) Main CPV code

• 34000000 - Transport equipment and auxiliary products to transportation

II.1.3) Type of contract

Supplies

II.1.4) Short description

This procurement is being conducted by Nottinghamshire County Council on behalf of the Second Midlands EV Infrastructure Consortium (SMeviC). It is delivering a 50kW Local Electric Vehicle Infrastructure (LEVI) on-street project, in which capital grant funding has been secured from the Office for Zero Emission Vehicles (OZEV).

The SMeviC is a joint project between Midlands Connect (Sub-National Regional Transport Authority), Nottinghamshire County Council (the Commissioning Body), Derby City Council, Derbyshire County Council, Nottingham City Council and Staffordshire County Council (the Commissioning Bodies). The contract will aim to provide local residential charging infrastructure, through the expansion of the number of Electric Vehicle chargepoint sockets (EVCPS) in areas with dependence on on-street parking.

The Aims of the contract is to

- Assist in meeting government objectives on accelerating the provision of Electric Vehicle Chargepoints (EVCPs) to support green transport solutions, and to contribute to the regional goal of 65,000 chargepoints in the Midlands by 2030.
- Equitably install and maintain standard and rapid chargepoints across a broad range of

areas within the SMeviC region, with aims to deliver an accelerated growth of chargepoint sockets across five local authorities to meet demand up to the year 2030.

- Deliver a step-change in the deployment of primarily local, low-power on-street charging infrastructure.
- Accelerate the commercialisation, and investment in, the local charging infrastructure sector by bringing rural and urban authorities together, to ensure an equitable and connected journey across the region.

II.1.5) Estimated total value

Value excluding VAT: £1,050,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 1

II.2) Description

II.2.1) Title

Standard EVI (7-22kW)

Lot No

1

II.2.2) Additional CPV code(s)

• 34100000 - Motor vehicles

II.2.3) Place of performance

NUTS codes

- UKF East Midlands (England)
- UKG West Midlands (England)

II.2.4) Description of the procurement

This procurement is being conducted by Nottinghamshire County Council on behalf of the Second Midlands EV Infrastructure Consortium (SMeviC). It is delivering a 50kW Local Electric Vehicle Infrastructure (LEVI) on-street project, in which capital grant funding has been secured from the Office for Zero Emission Vehicles (OZEV).

The SMeviC is a joint project between Midlands Connect (Sub-National Regional Transport Authority), Nottinghamshire County Council (the Commissioning Body), Derby City Council, Derbyshire County Council, Nottingham City Council and Staffordshire County Council (the Commissioning Bodies). The contract will aim to provide local residential charging infrastructure, through the expansion of the number of Electric Vehicle chargepoint sockets (EVCPS) in areas with dependence on on-street parking.

The Aims of the contract is to

- Assist in meeting government objectives on accelerating the provision of Electric Vehicle Chargepoints (EVCPs) to support green transport solutions, and to contribute to the regional goal of 65,000 chargepoints in the Midlands by 2030.
- Equitably install and maintain standard and rapid chargepoints across a broad range of areas within the SMeviC region, with aims to deliver an accelerated growth of chargepoint sockets across five local authorities to meet demand up to the year 2030.
- Deliver a step-change in the deployment of primarily local, low-power on-street charging infrastructure.
- Accelerate the commercialisation, and investment in, the local charging infrastructure sector by bringing rural and urban authorities together, to ensure an equitable and connected journey across the region.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £550,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 September 2025

End date

31 August 2040

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Rapid EVI (50kW)

Lot No

2

II.2.2) Additional CPV code(s)

• 34100000 - Motor vehicles

II.2.3) Place of performance

NUTS codes

- UKF East Midlands (England)
- UKG West Midlands (England)

II.2.4) Description of the procurement
