Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Sectra Order Management

Reference number

DAC10993

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

HSCNI require an electronic Radiology referring system for both primary and secondary care to continue to send electronic referrals to Radiology departments throughout the region.

Sectra Order Management is currently used throughout all Northern Ireland Picture Archiving Services (NIPACS) sites and a proportion of the GP surgeries. It is already configured to fulfil the requirements of the radiology departments to include regionally

agreed modality and Ionising Radiation (Medical Exposure). Regulations (IR(ME)R) modality specific questions. It would need rolled out to the remaining Trust users and GP surgeries

who utilise NIECR Orders but would take little training effort and would remove the need to revert to paper.

Failure to implement Sectra Order Management would require HSC to revert to a paper based workflow which is a substantial backward step in terms of requesting radiology

procedures and along with the additional resource requirements it would also create a clinical risk. Clinical risks identified with paper based workflows include time delays, for both patient and clinician, paper going missing, audit trails etc. This would also create a lot of additional manual interventions in an already existing electronic environment.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £250,000

II.2) Description

II.2.2) Additional CPV code(s)

- 72000000 - IT services: consulting, software development, Internet and support

II.2.3) Place of performance

NUTS codes

- UKH2 - Bedfordshire and Hertfordshire

II.2.4) Description of the procurement

HSCNI require an electronic Radiology referring system for both primary and secondary care to continue to send electronic referrals to Radiology departments throughout the region.

Sectra Order Management is currently used throughout all Northern Ireland Picture Archiving Services (NIPACS) sites and a proportion of the GP surgeries. It is already configured to fulfil the requirements of the radiology departments to include regionally

agreed modality and Ionising Radiation (Medical Exposure). Regulations (IR(ME)R) modality specific questions. It would need rolled out to the remaining Trust users and GP surgeries

who utilise NIECR Orders but would take little training effort and would remove the need to revert to paper.

Failure to implement Sectra Order Management would require HSC to revert to a paperbased workflow which is a substantial backward step in terms of requesting radiology procedures and along with the additional resource requirements it would also create a clinical risk.
