Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Drug and Alcohol Community Service

Reference number

DN719552

II.1.2) Main CPV code

- 85000000 - Health and social work services

II.1.3) Type of contract

Services

II.1.4) Short description

The Authority wishes to establish a Contract for the provision of Drug and Alcohol Services.

The key requirements of the service are:

A community-based adult substance use service responsive to identified local needs (to

include, but not be limited to and according to emerging needs: alcohol, opiate, non-opiates, psychoactive substances, prescription and over the counter drugs as well as image and performance enhancing drugs) which will provide both medical and psychosocial interventions for harm reduction and recovery. (T2, T3 and providing access to T4 provision for adults and young people)

Manage Shared Care provision in GP practices.

Ensure specific provision for complex needs (including co-occurring mental health and substance use diagnosis).

A holistic young peoples substance use service (for people up to the age of 25 years) with clear and seamless transitional arrangements.

Support for families and carers of people using drugs and alcohol.

Access to residential detoxification and rehabilitation and management of the placement budget.

An effective and responsive outreach and harm reduction offer for all, whether in treatment or not, including direct delivery and pharmacy provision, naloxone programme, synthetic opioids preparedness and drug related death prevention.

Manage pharmacy contract. Community pharmacists provide a service to dispense, support and monitor the consumption of opiate substitute treatment medication. And the pharmacy needle exchange programme, this service provides access to sterile needles and syringes, and a sharps container for the return of used equipment to promote safe injecting practice and reduce transmission of infections.

A free programme of Drug and alcohol training and support for schools

A free programme of training to support the wider workforce increase early identification and referrals into treatment, reduce stigmatisation and better understand the needs of this vulnerable group of people.

Provide a blood borne virus programme ensuring hepatitis B vaccinations and hepatitis B and C screening are available to all entering or engaged with treatment services regardless of the presenting substance.

VII.2) Other additional information

This is a Provider Selection Regime (PSR) confirmation of contract award notice. This contract has been awarded under the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. This contract has now been formally awarded using the competitive process.

The date of the award is 19/02/2025

This contract will commence on 1/4/25 and expire, if no extensions taken, on 31/3/30. The initial contract period will be five years with an optional two-year extension thereafter. Maximum possible contract duration is therefore seven years.

The awarded annual contract value is £ 2,545,777.00. The awarded contract value over the life of the contract is therefore £17,820,439 in the event that all extension periods are taken.

The values published in the original Find a Tender Notices are based on an annual contract value of £4,000,000 (whole life value of the contract including optional extension periods is therefore £28,000,000). This allows for an increase in contract value should any additional grant funding be received during the life of the contract.
