The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

With respect to Regulation 72 in theory more than one such change can be made during the life of the contract; however, the successive

changes must not be made to circumvent the regulations. CPD notes this is the 2nd modification to the original contract value. The first

modification on 17 July 2021 increased the value by £10,500,000, to allow for the increased funding from DfE, which covered additional

interventions, such as more advertising, both for leisure tourism and business tourism and the increased role of TNI's Strategic and

Creative lead in supporting the industry. This 2nd modification is to increase the estimated value by a further £10,500,000 increasing the

contract value to an estimated £41.5m. This is a result of Tourism NI receiving an additional £7 million budget in the 2022/23 financial

year, which has resulted in further unforeseen increased expenditure under the contract. TNIs partner organisations (councils and DfE)

have also utilised the contract more than originally anticipated, adding to further unexpected increased expenditure under the contract.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The Regulations permit the modification of a contract where the changes proposed meet one or more of the prescribed tests as set out in Regulation 72. Having considered the information provided Tourism NI may be able to rely on the Regulation 72(1)(c) provision when considered against the 3 elements of this test

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £31,500,000

Total contract value after the modifications

Value excluding VAT: £41,500,000
