Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Rainscreen Façade Systems Training 2025

Reference number

TD63

II.1.2) Main CPV code

- 80000000 - Education and training services

II.1.3) Type of contract

Services

II.1.4) Short description

In December 2024, the government published its plan for increasing the pace of remediation for buildings in England with unsafe cladding. In response to this, CITB has been working with employers, Government and other stakeholders to put in place updated training for the inspection and installation of facades that meet fire safety standards required by the Building Safety Act.

CITB have produced the training standards required for supervisors and installers in the Rainscreen Façade Systems sector that will support training providers to deliver rainscreen facades training programmes on site to operatives and supervisors working on live projects.

This commission will focus on the delivery of a pilot for the testing and delivery of the five short duration training standards across England, Scotland and Wales. There will be four rainscreen façade systems short duration courses to existing rainscreen façade systems installers and one upskilling course for supervisors.

II.1.5) Estimated total value

Value excluding VAT: £250,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

In December 2024, the government published its plan for increasing the pace of remediation for buildings in England with unsafe cladding. In response to this, CITB has been working with employers, Government and other stakeholders to put in place updated training for the inspection and installation of facades that meet fire safety standards required by the Building Safety Act.

CITB have produced the training standards required for supervisors and installers in the Rainscreen Façade Systems sector that will support training providers to deliver rainscreen facades training programmes on site to operatives and supervisors working on live projects.

This commission will focus on the delivery of a pilot for the testing and delivery of the five short duration training standards across England, Scotland and Wales. There will be four rainscreen façade systems short duration courses to existing rainscreen façade systems installers and one upskilling course for supervisors.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents
