I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Schools Bus services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Schools Bus Franchises Tranche 3

Reference number

DN711467

II.1.2) Main CPV code

- 60112000 - Public road transport services

II.1.3) Type of contract

Services

II.1.4) Short description

In accordance with the provisions of the Transport Act 2000 (as amended by the Bus Services Act 2017) and having followed the legislative procedure set out within the same, the Mayor of Greater Manchester decided on 25th March 2021 to introduce a bus franchising scheme for the entire Greater Manchester Combined Authority ('GMCA') area. As the executive body with responsibility for various transport functions on behalf of the GMCA, TfGM is responsible for various functions associated with the implementation and operation of the franchising scheme, including but not limited to undertaking and managing the procurement process for the school service franchises. The GMCA will be the contracting entity and the bus franchising scheme will be overseen and managed by Transport for Greater Manchester ('TfGM'), including the procurement of Schools Bus Franchises services, on behalf of the GMCA. The procurement of Schools Bus Franchises packages will take place in three tranches which will align with the three franchises in which Large and Small franchises are being procured. These franchises will not all be introduced simultaneously, due to various transitional and implementation issues that will need to be addressed. The School Bus Franchises will be tendered in three Franchise Tranches determined by geographical area, as follows:

- (i) The first Schools Franchise Tranche (broadly covering Bolton, Salford and Wigan), contained 23 schools only franchises;
- (ii) The second Schools Franchise Tranche (broadly covering Bury, Rochdale, North Manchester and Oldham) contained 9 schools only franchises; and
- (iii) The third Schools Franchise Tranche (broadly covering Tameside, Stockport, South Manchester and Trafford) contains 9 schools only franchises.

TfGM and GMCA require school services to commence on the Franchise Scheme Commencement Date (as defined in the Schools Bus Franchise Agreement) which is before the point at which the services under this contract can be operated pursuant to a local services contract pursuant to s.123K(4) of the Transport Act 2000. Due to this, the successful Tenderer for each Lot will contract with TfGM under TfGM's delegated powers under section 9A of the Transport Act 1968 (and the Manchester City Council Report for Resolution following the Greater Manchester Combined Authority (Functions and Amendments) Order 2019 No. 793) and sections 89-92 of the Transport Act 1985 as a secured service contract for the period from the date that the Schools Bus Franchise Agreement is entered into following contract award until the end of the period which is 9 months after the contract is entered into. GMCA intends to issue service permits for such school services to the extent required to operate such school services within the area of the Franchising Scheme prior to the Franchise Scheme Commencement Date.

Schools Bus Franchises Key Principles

The key elements of the commercial approach to franchising in Greater Manchester are summarised below. Further detail can be found in the ITT document, which can be found on the Pro-Contract ETendering portal: <https://procontract.duenorth.com>

Depots: Operators will be required to provide their own depot facilities.

Intelligent Transport Systems (ITS): TfGM will procure contracts for the supply and maintenance of some aspects of the required ITS solution (such as vehicle location, ticketing and driver communications systems) to ensure a standardised approach.

The scope of this procurement is to procure contracts under each of the 9 lots (each of which relates to a franchise school package in Tranche 3) based on the schools served, ranging in size from 2 to 11 Peak Vehicle Requirement (PVR).

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Package A - Manchester

Lot No

1

II.2.2) Additional CPV code(s)

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 6 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

28 March 2024

Local time

12:00pm

Information about authorised persons and opening procedure

TfGM's authorised person will remove the seal of the tenders.

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

- Please note the return date and time – 28/3/2024 at 12 Noon is the final date for submission of the completed ITT,
- This Procurement process will be conducted through the Pro Contract e-tendering portal and any submission made outside of this portal will be disqualified,
- All communications, including tender submission must be written in English,
- Nothing in this procurement process is intended to form any express or implied contractual relationship between parties unless and until the award of a contract is concluded,
- Any contract entered into as a result of this procurement will be considered to be a contract governed by English Law and subject to the exclusive jurisdiction of the Courts of England and Wales,
- TfGM is not liable for any costs, fees or expenses (including third party costs, fees or expenses) incurred by those expressing an interest in, negotiating or tendering for this contract opportunity,
- TfGM reserves the right to terminate this procurement process or to amend or vary the process at any time prior to the conclusion of the award of contract without liability to any party.

VI.4) Procedures for review

VI.4.1) Review body

Transport for Greater Manchester

Manchester

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Precise information on deadline(s) for review procedures

TfGM will incorporate a minimum 10 calendar day standstill period at the point information on the award of the contract is communicated to tenderers. This period allows unsuccessful

tenderers to receive further debriefing from the contracting authority before the contract is entered into. Applicants who are unsuccessful shall be informed by TfGM as soon as possible

after the decision has been made as to the reasons why the applicant was unsuccessful.

Should additional information be required it should be requested of the addressee in section

I.1.

If an appeal regarding the award of the contract has not been successfully resolved, Utilities

Contract Regulations 2016 provide for aggrieved parties who have been harmed or are at risk

of harm by breach of the rules to take action in the High Court. Any such action must be brought promptly (generally within 30 days). If a declaration of ineffectiveness is sought, any

such action must be brought within 30 days where TfGM has communicated the award of the

contract and a summary of reasons to tenderers, or otherwise within 6 months. Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the authority to amend any document and may award damages. If the contract has been entered into the Court may, depending on the circumstances, award damages, make a declaration of ineffectiveness, order TfGM to pay a fine, and/or order that

the duration of the contract be shortened. The purpose of the standstill period referred to above is to allow the parties to apply to the Courts to set aside the award decision before the

contract is entered into.
