II.1.3) Type of contract

Services

II.1.4) Short description

Mutual Energy Limited (MEL) is seeking tenders for the provision of an operational service to manage its gas transmission network in Scotland and Northern Ireland. The Scotland to Northern Ireland Pipeline (SNIP) Agent service provider will act on behalf of MEL to operate the MEL pipeline network in Northern Ireland (PTPS), to standards and procedures as approved by MEL. The service must be provided for a period of 10 years commencing on or around 1st October 2022. A Mobilisation Period (for transition services) of up to 9 months will be required in advance, to facilitate service commencement. The anticipated Contract Value is approximately £9,000,000.00 (nine million pounds) across the 10 years SNIP Agent service period. The commercial offer at ITN will consist of both fixed and variable pricing elements, including up to 9 months Mobilisation Period. Further details will be provided in the Pre-Qualification Questionnaire and / or the Invitation to Negotiate documents.

II.1.5) Estimated total value

Value excluding VAT: £9,000,000

- 76600000 - Pipeline-inspection services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Successful Supplier's base of operations

II.2.4) Description of the procurement

The SNIP service provider will operate the MEL gas transmission network of up to 22 monitored remote sites on a 24x7 basis to standards and procedures determined by MEL. The service provider will be responsible for the control room operation, the SCADA service and the telemetry service along with supporting services. The SNIP Agent Service has several components which can be classified into three areas:- Operational Service (OS)- Technical Service (TS)- Management Service (MS) The SNIP Agent service must be fully operational for 24 (23 or 25 on clock change days) hours per day, 7 days per week, 365 (366 in a leap year) days per year. The service must be provided for a period of 10 years commencing on or around 1st October 2022. In addition, the service provider will need to allow for up to 9 months Mobilisation Period to provide a transition service to ensure that the entire SNIP Agent services are fully developed, tested and in place on or around 1st October 2022. Further details will be provided in the Pre-Qualification Questionnaire and / or the Invitation to Tender documents. See Section VI.3 of this Contract Notice for more details about the procurement process.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £9,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 4

Objective criteria for choosing the limited number of candidates:

Details will be described in the Pre-Qualification Questionnaire (PQQ) and / or Invitation to Negotiate (ITN) documents.

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: Yes

Description of options

Details will be described in the Pre-Qualification Questionnaire (PQQ) and / or Invitation to Negotiate (ITN) documents.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Details will be described in the Pre-Qualification Questionnaire (PQQ). Mutual Energy Limited reserve the right to alter or amend the conditions described in the Pre- Qualification Questionnaire (PQQ).

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

Details will be described in the Pre-Qualification Questionnaire (PQQ). Mutual Energy Limited reserve the right to alter or amend the conditions described in the Pre-Qualification Questionnaire (PQQ).

III.1.6) Deposits and guarantees required

Guarantees and Bonds are required and will be described in the Pre-Qualification Questionnaire (PQQ) and / or Invitation to Negotiate (ITN) documents. Mutual Energy Limited reserve the right to alter or amend the conditions described in the Pre- Qualification Questionnaire (PQQ) and / or the Invitation to Negotiate (ITN) documents.

III.1.7) Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

Details will be described in the Pre-Qualification Questionnaire (PQQ) and / or Invitation to Negotiate (ITN) documents. Mutual Energy Limited reserve the right to alter or amend the conditions described in the Pre- Qualification Questionnaire (PQQ) and / or the Invitation to

Negotiate (ITN) documents.

III.1.8) Legal form to be taken by the group of economic operators to whom the contract is to be awarded

Mutual Energy Limited reserves the right to require bidders in a consortium to take a particular legal form or require a single contractor take primary liability or to require each party in a consortium to take joint and several liability. All members of a joint venture or consortium group (a) must complete PQQ Stage 1 Minimum Eligibility/Completeness Compliance, (b) not breach the exclusion grounds specified in the PQQ document and (c) meet all the minimum requirements as specified in the PQQ document with the exception of Stage 2 Minimum Technical and/or Professional Ability where one member of the consortium group must be designated as the lead member and complete the Stage 2 questions. Applicants must provide full details of the proposed consortium arrangements (including the legal form) and proposed contracting structures including key subcontractors. Details of the conditions applied to joint ventures and consortium groups are stated in the PQQ.

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

Details will be described in the Pre-Qualification Questionnaire (PQQ) and / or Invitation to Negotiate (ITN) documents. Mutual Energy Limited reserve the right to alter or amend the conditions described in the Pre- Qualification Questionnaire (PQQ) and / or the Invitation to Negotiate (ITN) documents.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

26 May 2021

Local time

3:00pm

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

14 June 2021

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

Applicants wishing to participate should submit their company name, main contact name and main contact email address to Mutual Commercial Manager Cover at email address: tenders@mutual-energy.com Applicants will then receive Instructions to register on the In Tend portal where an 'Expression of Interest' (EOI) can be submitted. The PQQ and subsequent ITN processes will be run using the In Tend portal. After the expressions of interest have been submitted, the PQQ document will then be made available to candidates including the submission instructions no later than 26th April 2021 or as otherwise specified by Mutual Energy Limited. Candidates must submit their respective PQQ submission in accordance with the PQQ instructions no later than 30 days after the issue of the PQQ documents. Following, the evaluation of the PQQ submissions in accordance with the PQQ instructions up to four (4) candidates will be shortlisted with the selection criteria specified in the PQQ documentation, to proceed to the ITN phase. The ITN phase is expected to be conducted in one single stage. Mutual Energy Limited reserves the right to hold further ITN stages including a 'BAFO' round. At the end of the ITN one (1) tenderer will be appointed as the Preferred Bidder in accordance with the award criteria specified in the ITN documents. The award criteria specified in the ITN documents will be on the basis of the most economically advantageous tender determined by Mutual Energy Limited. Mutual Energy Limited reserve the right to alter or amend the number of shortlisted candidates to receive the ITN, the conditions and / or the procurement process described in the PQQ and / or the ITN documents. Mutual Energy Limited will apply a 'standstill' period of a minimum of 10 days from the day following the date of notification to participating tenderers of the award of contract. The SNIP Agent procurement process including this Contract Notice shall be governed by the laws of Northern Ireland and shall be subject to the exclusive jurisdiction of the courts of Northern Ireland.
