VI.3) Additional information

NOTE: The authority is using eTenderwales to carry out this procurement process. To obtain further information record your interest on Sell2Wales at

https://www.sell2wales.gov.wales/search/search_switch.aspx?ID=139273

The Contractor shall ensure that all contracts with Subcontractors and Suppliers which the Contractor intends to procure following the Award date, and which the Contractor has not, before the date of this Contract, already planned to award to a particular Subcontractor or Supplier, are advertised through the Sell2Wales portal (www.sell2wales.gov.wales) and awarded following a fair, open, transparent and competitive process proportionate to the nature and value of the contract.

Under the terms of this contract the successful supplier(s) will be required to deliver Community Benefits in support of the authority's economic and social objectives. Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The Community Benefits included in this contract are:

The Requirement

At Trivallis, our approach to procurement is deeply rooted in the principles of social value and community benefits. We understand the potential for collaborative investments with external stakeholders to make a positive impact on well-being.

To align with the Trivallis commitment to well-being impact and community benefits, we have developed a Wellbeing Impact menu of options (Annex 11 of tender suite).

The wellbeing menu of options is designed to support Trivallis in achieving our goals in delivering well-being impact values, in accordance with the requirements outlined in our business contracts.

As part of the contract delivery, our contracted partners must implement Wellbeing initiatives equivalent to a specified percentage of the contract spend.

As part of our tender process, we invite bidders to choose one or more options from the Wellbeing Impact Menu. These options represent the well-being initiatives that your organisation intends to pursue and accomplish as part of fulfilling the Trivallis contract

requirements.

The successful contractor will need to select one (or more) options from the Wellbeing Impact Menu to deliver in the first year of the contract.

This contract has a potential duration of 6 years. For each year of the contract, on the anniversary date, the successful contractor is required to review and choose an option (or options) from the menu to deliver in that specific year once again.

It is crucial to note that failure to select an option will render the tender bid non-compliant, resulting in exclusion from the tender process.

Responses to this section will be reviewed by our Senior Manager of Partnerships. If your tender bid is successful, they will contact you three weeks after the contract is agreed upon to collaborate on an individualised Community Benefit Plan.

By fostering partnerships and prioritising well-being, we believe we can create a lasting positive impact on our communities and the lives of our residents.

Your response must detail how you propose to meet this requirement
