II.1.4) Short description

Northern Ireland Electricity Networks Limited (NIE Networks) has a requirement for the supply of network Flexibility services from customers connected within specific geographic areas (Flexibility Trial Zones, FTZs). Successful Tenderers will provide NIE Networks with network Flexibility services, the ability to adjust their aggregate electricity generation or consumption in response to an instruction signal during defined Service Windows, to support network operation during the FLEX trial. Each Flexibility Trial Zone is represented by a separate Lot (1-17).

For each Lot, the award protocol is to appoint the most economically advantageous Economic Operators onto the framework agreement to fulfil the total published requirement. The contract will be awarded to the most economically advantageous tenderers and the business will be split as determined by submissions until the published requirement is fulfilled. The framework will initially be established for a period of 1 year. The contract will commence on 1 October 2021 and end on 31 September 2022, and there is an option to extend this contract by a further 2 x 12 month periods.

NIE Networks estimate that the total spend under this Framework Agreement will be between £450k-£550k for all lots combined.

For further information, please refer to the tender documents.
