#### **II.2.4) Description of the procurement at the time of conclusion of the contract:**

The London Borough of Lambeth is seeking to secure a delivery partner/consortium that will be able to realise the Council's ambitions of supporting the long-term resilience of Brixton town Centre through the sustainable, net zero development of two sites in Brixton Town Centre which will deliver significant benefits for the local community.

The partner will be required to work with the Council through a Joint Delivery Board and set

up structures to support robust community engagement and involvement. The development will be required to provide a minimum of 6,500 sqm of workspace (20% of which will be delivered as affordable workspace) around 240 homes (50% of which will be affordable (with a 70% Council rent and 30% London Living Rent/Shared ownership split)), re-provision of enhanced Street Market Infrastructure (trader parking, waste facilities and storage space) and public realm improvements to Pope's Road and Brixton Station Road.

A robust employment and skills package is also required with at least 25% of the future job opportunities created being prioritised for local people alongside commitments to paying the London Living Wage in relation to all jobs related to the development, both during the construction and operational phases.

## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The location, duration and nature of the works will remain broadly the same after the

modification, still delivering new build housing, workspace, street market facilities and public realm improvements. The key variations comprise a reduction in minimum affordable housing levels from 50% to 40%, a reduction in the minimum required level of commercial workspace re-provision in alignment with Local Plan policy for mixed-use regeneration schemes and a reduction in the Council's land receipt in line with revised financial modelling and which represents best consideration in today's market

### **VII.2.2) Reasons for modification**

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The modification is being made under regulations 72(1)(c) and 72(1)(e) of the Public Contracts Regulation 2015 due to changing circumstances since the contract was signed. This is to ensure the scheme's viability and deliverability amidst significant economic turbulence, including build cost inflation, rising UK interest rates, and post-COVID shifts in workspace usage, along with new Building Safety regulations. The scheme remains largely the same, delivering housing, workspace, market facilities, and public realm improvements. External commercial advice has confirmed that the revised financial appraisal is reasonable and reflects the wider market, ensuring best consideration for the council. The Developer's return has decreased.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £194,374,320

Total contract value after the modifications

Value excluding VAT: £161,978,600
