Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Overhaul of Jubilee Line (96TS) Train Operators Seats

II.1.2) Main CPV code

- 50224100 - Reconditioning services of rolling stock seats

II.1.3) Type of contract

Services

II.1.4) Short description

Transport for London are seeking to appoint a singular supplier for the overhaul of all Jubilee Line (96TS) Train Operator Seats.

The Jubilee Line is served by the 96 Tube Stock (96TS) fleet, which comprises 63 x 7 car trains and 126 DM cars with 126 seats.

The Overhaul requirements are categorised by sub-assembly which is further sub-divided into mandatory replacement parts, on-condition replacement parts and parts with special instruction that the Overhaul Supplier will need to consider.

All parts listed as on-condition replacement will require functional testing where applicable and a visual inspection which may require either a partial or complete strip down of components.

II.1.5) Estimated total value

Value excluding VAT: £420,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 34600000 - Railway and tramway locomotives and rolling stock and associated parts

II.2.3) Place of performance

NUTS codes

- UKI - London

II.2.4) Description of the procurement

Transport for London are seeking to to procure a package of work to overhaul the Jubilee Line (96TS) Train Operator Seats.

The Jubilee Line is served by the 96 Tube Stock (96TS) fleet, which comprises 63 x 7 car trains and 126 DM cars with 126 seats.

All seats were last overhauled in 2011 and have a planned overhaul frequency of 9 years. The seats are experiencing a high failure rate.

Transport for London (TfL) have conducted a Condition Assessment (CA) on a number of sample seats to identify key items of failure.

The seats have been stripped down to its individual assemblies to produce a set of requirements found in the tender overhaul specification

In addition, historical failure data and previous modifications have been considered in the development of the overhaul tender specification.

The overhaul requirements are categorised by sub-assembly which is further sub-divided into mandatory replacement parts, on-condition replacement parts and parts with special instruction that the Overhaul Supplier will need to consider. All parts listed as on-condition replacement will require functional testing where applicable and a visual inspection which may require either a partial or complete strip down of components.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal

Yes

Description of renewals

The contract can be extended at Transport for London's sole discretion incrementally or in full after the initial term of two (2) years for a maximum extension period of One (1) year.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No
