Section II: Object

II.1) Scope of the procurement

II.1.1) Title

The Fuel Bank Foundation - Fuel Crisis Support

II.1.2) Main CPV code

- 71314000 - Energy and related services

II.1.3) Type of contract

Services

II.1.4) Short description

Contract for the partnership with the Fuel Bank Foundation will deliver direct financial support and practical help to maintain a safe and warm home to vulnerable households identified via a network of community support partners and where required by direct referral from the funding networks.

Through the partnership and directly provided by the Fuel Bank Foundation existing and new organisations requiring support for financially vulnerable households will have a pathway to access immediate or next day emergency fuel funds and the provision of additional support services to address long term debt and poverty. The provision of support will be tailored to meet household need with the overall ambition to provide immediate help but not a long-term dependency on aid to maintain a safe and warm home.

The partnership aims to;

- Provide emergency fuel vouchers to households in fuel crisis so they can access immediate financial support and where needed ongoing assistance to increase financial resilience and avoid dependency on emergency funds
- Broaden the network of organisations working to identify households in crisis based upon a growing need in the community in partnership with the regional gas network
- Introduce a referral pathway for gas networks to refer into the Fuel Bank Foundation where they identify a household in crisis
- Provide an audit on the allocation of funds allocated to ensure that household level usage is

monitored to avoid creating a dependency on the scheme and to mitigate the fraudulent use of the scheme

- Introduce the provision of CO safety information and a pathway to access CO alarms where required
- Make a positive social impact as we work together to alleviate the pressures on community organisations and the NHS, reducing the need to use key care services

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £500,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The scope and objectives of the VCMA Project should be clearly defined including the benefits which would directly impact customers on the participating GDNs' network(s), and where the benefits of the VCMA Projects lie.

The partnership with the Fuel Bank Foundation will deliver direct financial support and practical help to maintain a safe and warm home to vulnerable households identified via a network of community support partners and where required by direct referral from the funding networks.

Through the partnership and directly provided by the Fuel Bank Foundation existing and new organisations requiring support for financially vulnerable households will have a pathway to access immediate or next day emergency fuel funds and the provision of additional support services to address long term debt and poverty. The provision of support will be tailored to meet household need with the overall ambition to provide immediate help but not a long-term dependency on aid to maintain a safe and warm home.

The partnership aims to;

- Provide emergency fuel vouchers to households in fuel crisis so they can access immediate financial support and where needed ongoing assistance to increase financial resilience and avoid dependency on emergency funds

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:

- absence of competition for technical reasons

Explanation:

Collaborative VCMA project with Southern Gas Networks plc, Scotland Gas Networks plc, Wales & West Utilities Limited, Northern Gas Networks Limited and Cadent Gas Limited and we intend to put a contract in place with Fuel Bank Foundation as nationally only this one supplier offers this service. The five utility Networks cannot risk this delivery of services and requires contract assurance, with no other companies able to provide/undertake the scope of requirements as this requirement has been developed specifically to meet all needs.

The Services to be provided by the Supplier -

A supporting network of crisis support organisations to deliver same or next day financial support via the provision of emergency fuel credit top ups and a follow up service to address fuel poverty and reduce dependency on financial aid.

Increase the network of community organisations, including charities, working to identify households in fuel crisis who can access this funding.

Provide follow on services to include but not limited to registration to the Priority Services Register (PSR), energy advice, CO safety advice and access to CO alarms.

Providing services to reach a minimum of 8,000 households using the GDN Vulnerability and Carbon Monoxide Allowance allocated funding.

Provide regional reporting, case studies, and contribute to the GDN national showcase event to demonstrate the impact of the partnership to householders accessing the emergency funds and support provided by the network of partners.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
