The Public Bodies named in this document have a requirement to purchase de-icing salt to be spread onto roads during their winter maintenance programme period. This invitation to tender relates primarily to the requirements of Devon County Council, Conserv Ltd (on behalf of Cornwall Council), North Somerset Council, Highways England shared depots in

Torbay Council will use the framework in 2021 only if the price offered is more competitive than through their current winter maintenance arrangements. The procurement is also being carried out for the benefit of the Partner Organisations listed in FTS Notice and listed under Partner Organisations in the Definitions section of this document. The purpose of this tender is twofold:

A) To select a supplier (or suppliers) to provide the Public Bodies named above

with its de-icing salt requirements for the 2021 – 2022 winter spreading season (forecast quantities provided, indicatively).

B) To establish a Framework Agreement which comprises qualified suppliers who will be invited to submit future quotations to provide the Public Bodies listed with their requirements during subsequent years.

This invitation to tender will identify contractors to be appointed to the Framework Agreement detailed herein;

This tender will also identify a contractor(s) to provide the Public Bodies listed with their de-icing salt requirements during the 2021 - 2022 winter spreading season, comprising a bulk order plus additional top-ups as and when they may be required.

To provide cover for future years, the Public Bodies listed will operate a Framework Agreement comprising suppliers who will be periodically invited to submit bids through 'Mini Competitions' to supply the authorities with their requirement for each future spreading season within the duration of the Framework Agreement. Future years' quantities will be re-competed by issue of mini competition documents under this Framework Agreement.

Devon County Council is expecting to appoint up to 5 suppliers per lot onto the Framework Agreement for the supply of de-icing salt for each of the following;
