Award

Combine Harvester

University Of Reading

F15: Voluntary ex ante transparency notice

Notice identifier: 2023/S 000-006072

Procurement identifier (OCID): ocds-h6vhtk-03ad66

Published 1 March 2023, 5:39pm

Section I: Contracting authority/entity

I.1) Name and addresses

University Of Reading

Po Box 217

READING

RG66AH

Contact

Claire Milham

Email

c.milham@reading.ac.uk

Telephone

+44 1183787629

Country

United Kingdom

Region code

UKJ11 - Berkshire

UK Register of Learning Providers (UKPRN number)

University

Internet address(es)

Main address

www.reading.ac.uk

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Combine Harvester

Reference number

UOR-LAB-23-021

II.1.2) Main CPV code

- 16300000 - Harvesting machinery

II.1.3) Type of contract

Supplies

II.1.4) Short description

The University is looking to procure a plot-scale trials Combine Harvester which will be used by our School of Agricultural, Policy and Development, as part of research into crops. Our research focuses on combinable crops, from evaluation of different varieties and cultivars to investigating novel agronomic approaches for UK crops, improving their yields and resilience to changing climates.

Due to the research requirements, the Combine Harvester must have the functionality to calculate the harvest index for the combined crops, by accurately measuring the weight of both straw and chaff. The Header of the combine also needs to be available as 1.5m and 2.5m widths to accommodate harvesting operations on different plot sizes and crops.

Additional capabilities must also include:

- Side knives. Left and Right Hand.
- Straw chopper
- Integrated GPS/GNSS positioning system.
- Near-infrared (NIRS) quality sensor for GPS tagged grain quality measurements.

The University has published this VEAT notice and intends to award a contract to Zurn following the expiry of 10 full calendar days after the expiry of this notice.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £404,700

II.2) Description

II.2.2) Additional CPV code(s)

- 16300000 - Harvesting machinery

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

Main site or place of performance

University of Reading

II.2.4) Description of the procurement

The University is looking to procure a plot-scale trials Combine Harvester which will be used by our School of Agricultural, Policy and Development, as part of research into crops. Our research focuses on combinable crops, from evaluation of different varieties and cultivars to investigating novel agronomic approaches for UK crops, improving their yields and resilience to changing climates.

Due to the research requirements, the Combine Harvester must have the functionality to calculate the harvest index for the combined crops, by accurately measuring the weight of both straw and chaff. The Header of the combine also needs to be available as 1.5m and 2.5m widths to accommodate harvesting operations on different plot sizes and crops.

Additional capabilities must also include:

- Side knives. Left and Right Hand.
- Straw chopper
- Integrated GPS/GNSS positioning system.
- Near-infrared (NIRS) quality sensor for GPS tagged grain quality measurements.

The University has published this VEAT notice and intends to award a contract to Zurn following the expiry of 10 full calendar days after the expiry of this notice.

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

Absence for technical reasons due to the research requirements for the combine harvester to quantify grain, straw and chaff biomass for yield and calculation of harvest index. The combine harvester header also needs to be available at 1.5m and 2.5m widths due to the research area and to accommodate harvesting operations on different plot sizes and crops.

Additional capabilities must also include:

- Side knives. Left and Right Hand.
- Straw chopper
- Integrated GPS/GNSS positioning system.
- Near-infrared (NIRS) quality sensor for GPS tagged grain quality measurements.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

Contract No

UOR-LAB-23-021

Title

Combine Harvester

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

1 March 2023

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

Zurn UK

Woodway

Princes Risborough

P27 0NN

Country

United Kingdom

NUTS code

- UKJ - South East (England)

Companies House

Agricultural machinery

The contractor/concessionaire is an SME

No

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Initial estimated total value of the contract/lot/concession: £404,700

Total value of the contract/lot/concession: £404,700

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

University of Reading
