Please see the tender documentation.

All tenderers must be suitably qualified to deliver the required service.

III.1.2) Economic and financial standing

List and brief description of selection criteria

This section refers to Section B of Part IV of the SPD (Scotland)

Minimum level(s) of standards possibly required

Part IV: Selection criteria - B: Economic and financial standing – Question 4B - Tenderers are required to have a minimum “general” annual turnover of GBP 60,000 for the last two financial years. Where a Tenderer is applying for both Lot 1 and Lot 2, the turnover requirement is the sum of both Lots, GBP 120,000. Where a Tenderer does not have an annual turnover of this value, the Council may exclude the Tenderer from the competition or may apply discretion seeking supporting evidence to determine the Tenderer’s suitability to proceed in the competition.

Part IV: Selection criteria - B: Economic and financial standing – Question 4B.4 - Tenderers will be required provide the following information in response to 4B.4:

- Current ratio for Current Year: at least 1.10
- Current ratio for Prior Year: at least 1.10

The formula for calculating a Tenderer’s current ratio is current assets divided by current liabilities. The acceptable range for each financial ratio is greater than 1.10. Where a Tenderer’s current ratio is less than the acceptable value, the Council may exclude the Tenderer from the competition or may apply discretion seeking supporting evidence to determine the Tenderer’s suitability to proceed in the competition.

Part IV: Selection criteria - B: Economic and financial standing – Question 4B.5 - Tenderers are required to hold, or commit to obtaining prior to the commencement of any subsequently awarded contract, the types and levels of insurance indicated below:

Minimum level(s) of standards possibly required

Part IV: Selection Criteria - C: Technical and Professional Ability - Question 4C.4 - It is a mandatory requirement of this Contract that a prompt payment clause is present in all Contracts used in the delivery of the requirements. This ensures payment of sub-contractors at all stages of the supply chain within 30 days and includes an obligation to provide a point of contact for sub-contractors to refer to in the case of payment difficulties. This will require active monitoring of payment performance as well as the provision of evidence and reports to the Council on request or as contractually scheduled.

Please note that Tenderers who fail to answer “Yes” to this question may be excluded from the tender process or the Council may apply discretion.

Part IV: Selection Criteria – C: Technical and Professional Ability – Question 4C.7 – Response to climate change emergency - Tenderers are required to provide evidence that their organisation is taking steps to build their awareness of the climate change emergency and provide details of how they have/will respond (to the climate change emergency). Tenderers must complete the Climate Change Plan Template (text should be no smaller than Arial or Calibri Font size 10), to supply information about their organisation’s carbon emissions sources and the steps that their organisation plans to take to reduce your carbon emissions, including any ongoing or completed plans. Responses do not need to include carbon emissions calculations. Where a Tenderer fails to demonstrate that it is taking steps to build awareness of the climate change emergency and reduce emissions, to the Council’s satisfaction, the Council may exclude the Tenderer from the competition.

Part IV: Selection Criteria – C: Technical and Professional Ability – Question 4D.1 – Health & Safety Policy - It is a mandatory requirement that Tendering Organisations with more than 5 employees have in place a Health & Safety Policy which is approved at a
