Section I: Contracting authority

I.1) Name and addresses

United Kingdom Atomic Energy Authority

Culham Science Centre

Abingdon

OX14 3DB

Contact

Abigail Woods

Email

abigail.woods@ukaea.uk

Telephone

+44 1235467082

Country

United Kingdom

NUTS code

UKJ14 - Oxfordshire

National registration number

N/A

Internet address(es)

Main address

<http://www.gov.uk/government/organisations/uk-atomic-energy-authority>

Buyer's address

<https://uk.eu-supply.com/ctm/Company/CompanyInformation/Index/72814>

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

https://uk.eu-supply.com/app/rfq/rwlenrance_s.asp?PID=44445&B=UK

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Fusion Research

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

H3AT - Process Inline Heaters

Reference number

T/AW048/22

II.1.2) Main CPV code

- 42511100 - Heat-exchange units

II.1.3) Type of contract

Supplies

II.1.4) Short description

UKAEA wishes to engage with potential prime contractors, Small and Medium-sized Enterprises, electric heater and Power controller hardware manufacturers for the supply of 6-off inline process heater for use with Tritium containing gas or liquid media, associated power controllers, embedded sensors and cabling. Quantities and detailed specifications are to be confirmed following preliminary and detailed design. These inline process heaters will be for use in a number of sub-systems that will make up the Tritium Plant located within the new H3AT Facility currently in construction on the UKAEA Culham site.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31000000 - Electrical machinery, apparatus, equipment and consumables; lighting
- 31230000 - Parts of electricity distribution or control apparatus
- 31670000 - Electrical parts of machinery or apparatus
- 31680000 - Electrical supplies and accessories

- 31720000 - Electromechanical equipment
- 31730000 - Electrotechnical equipment
- 31731100 - Modules
- 38126300 - Temperature or humidity surface observing apparatus
- 38424000 - Measuring and control equipment
- 38570000 - Regulating and controlling instruments and apparatus
- 38800000 - Industrial process control equipment and remote-control equipment
- 38810000 - Industrial process control equipment
- 38820000 - Remote-control equipment
- 42511000 - Heat-exchange units and machinery for liquefying air or other gases
- 42910000 - Distilling, filtering or rectifying apparatus
- 42967000 - Controller unit
- 42993000 - Chemical industry machinery
- 71300000 - Engineering services
- 71320000 - Engineering design services
- 71323000 - Engineering-design services for industrial process and production
- 71330000 - Miscellaneous engineering services
- 71333000 - Mechanical engineering services
- 71335000 - Engineering studies
- 71336000 - Engineering support services
- 71340000 - Integrated engineering services
- 71350000 - Engineering-related scientific and technical services
- 73100000 - Research and experimental development services
- 73120000 - Experimental development services

II.2.3) Place of performance

NUTS codes

- UKJ14 - Oxfordshire

II.2.4) Description of the procurement

UKAEA wishes to engage with potential prime contractors, Small and Medium-sized Enterprises, electric heater and Power controller hardware manufacturers for the supply of 6-off inline process heater for use with Tritium containing gas or liquid media, associated power controllers, embedded sensors and cabling. Quantities and detailed specifications are to be confirmed following preliminary and detailed design. These inline process heaters will be for use in a number of sub-systems that will make up the Tritium Plant located within the new H3AT Facility currently in construction on the UKAEA Culham site.

The current sub systems requiring Process Inline Heaters are:-

- Hydrogen Chemical Purification System [HPS]
- Water Detritiation System (deemed collaborative contract development) [WDS]
- Atmosphere Detritiation System [ADS]

(please note this list is subject to change and other sub systems may be included)

Through this process we are looking to open up engagement with suppliers to ensure there is sufficient production capability and capacity to meet project timelines and design requirements.

After the engagement exercise, UKAEA intend to issue an Invitation to Tender through the EU Supply and Find a Tender portals (replacement to Tenders Electronic Daily) to procure services for design and provision of equipment through competitively tendered contracts.

II.3) Estimated date of publication of contract notice

31 July 2022

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
