## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The original contract was Direct Awarded under Reg 32(2)(c) of the PCR 2015 for £1,529,190.50, using the standard Terms & Conditions of the CCS Framework RM3774, on which Engine Partners UK LLP is a supplier.

There was an additional variation to this contract for an uplift in value of an additional £524,601.58 on 17 May 21. This modification was made in accordance with PCR Regulation 72(1)(e): where the modifications, irrespective of their value, are not substantial within the meaning of paragraph (8).

A variation to the contract under Regulation 72(1)(b) for additional works, services by the original contractor become necessary and were not included in the initial procurement. The changes could not have been made by an alternative supplier without changing suppliers and duplicating the original costs, and are below the 50 % threshold defined in Regulation 72.

The relevant limb of regulation which supports the contract extension is therefore 72(1)(b)

72(1)(b) for additional works, services or supplies by the original contractor that have become necessary and were not included in the initial procurement, where a change of contractor:

(i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, services or installations procured under the initial procurement; and

(ii) would cause significant inconvenience or substantial duplication of costs for the contracting authority, provided that any increase in price does not exceed 50 % of the value

of the original contract.

### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Digital learning was a core aspect of the overall objectives for the platform being delivered by the Contractor. Digital learning was more important due to international lockdowns.

The relationship between the digital learning courses and the Platform, Engine's leadership of the platform provided the basis for ensuring that the digital learning courses could be easily and quickly integrated with the platform with the lowest risk of compatibility issues affecting the service.

Digital learning was a core aspect of the overall objectives for the Platform. Capability building: Access to: digital learning courses; principles and standards; methodology case studies from partners.

Engine were awarded the contract to deliver the Vaccine Hesitancy Platform.

### **VII.2.3) Increase in price**
