Dental Surgery

Including dental chair, operating light, sinks and cabinetry. The manufacturer of the chair must currently have dental chairs in operation within Newcastle upon Tyne Hospitals NHS Foundation Trust (NuTH) e.g. ADEC/KaVo and Belmont. The specification must meet the minimum requirements for NuTH as outlined in the equipment configuration. This surgery will not be linked to the centralised vacuum system within the dental hospital and dental chair must be able to 'standalone' from centralised services. The tender must specify the compressor requirements to operate the dental chair, as part of the surveys carried out for the overall build, the compressed air may be supplied centrally. Please indicate the costs in the tender as if the compressor is required as part of this Lot (noting that it may not be purchased). Given the specialist nature of this equipment, the Provider must be prepared to work collaboratively with the appointed design to ensure that all service considerations are met and the configurations supplied meet the requirements of the client.
