Reference number

OPA/T571/0000

II.1.2) Main CPV code

- 71631400 - Technical inspection services of engineering structures

II.1.3) Type of contract

Services

II.1.4) Short description

The Oil and Pipelines Agency (OPA) is a public corporation, formed in 1986 by virtue of the Oil and Pipelines Act 1985 to operate and maintain the Government Pipeline and Storage System (GPSS) on behalf of the Ministry of Defence (MOD).

There are 6 Oil Fuel Depots (OFD's) in the UK owned by the MoD but operated and managed by OPA. The OFD's principle role is to receive, store and issue middle distillate fuels to support Naval Command.

The two OFD's located in Southern England at Gosport and Thanckes support the adjacent HM Naval Bases namely Portsmouth and Devonport. The Scottish site at Garelochhead supports Faslane Naval Base, whilst OFD's at Loch Striven, Loch Ewe and Campbeltown provide bulk storage and regional support to visiting Royal Fleet Auxiliary tankers and warships. All sites are supplied by sea.

The requirement of this Procurement exercise is to procure a suitable Contractor to execute works required for bulk fuel tank inspections

Inspection of the OFD storage tanks shall generally be time based at the recommended intervals, inspection of the vessels the primary means of confirming that a tank is for return to service, for a defined period of time. It allows the condition of the tank and its ancillaries to be assessed, measuring how they have performed under service conditions since the previous out of work inspection, and also detail the works necessary to bring the tank back to an acceptable condition to enable return to service.

In summary the works are identified as:

- Review of previous inspection reports/data,
- Internal lining inspection (including visual and spark test),
- Inspection of floor plates (scanned),
- Ultrasonic testing of tank shell,
- Inspection of all visible welds,
- Visual inspection of tank roof and nozzles,
- Provide a detailed report of the inspection.

II.1.5) Estimated total value

Value excluding VAT: £3,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Lot 1: OPA/T571. Out of Service (OOS) Tank Inspection

Lot No

1

II.2.2) Additional CPV code(s)

- 71631400 - Technical inspection services of engineering structures

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

The OPA is seeking a range of professional services as set out in Lot 1 table Appendix 4. The Successful Tenderer will carry out all inspection works in accordance with the OPA ST-5101 Storage Tank Out of Service Inspection Standard, this will include carrying out all inspection works in accordance with the EEMUA 159 Inspection, Maintenance and Repair of Storage Tanks and API 653 Tank Inspection, Repair, Alteration and Reconstruction where applicable.

II.2.5) Award criteria

Quality criterion - Name: 60 / Weighting: 60

Cost criterion - Name: Criterion 1 / Weighting: 40

II.2.6) Estimated value

Value excluding VAT: £750,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

Yes

Description of renewals

The four year term of this framework is for an initial one year and three further 12 month extensions. Please also see note in the Instructions to Tenders document.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

27 March 2025

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

28 March 2025

Local time

12:00pm

Place

UK Gosport

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement.
