## Section VI. Complementary information

### VI.3) Additional information

Contract monitoring: the successful contractor's performance on the contract will be..... regularly monitored. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting..... what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to..... improve.... If, after the specified time, they still fail to reach satisfactory levels of contract performance the matter will be escalated to..... senior... management in Construction and Procurement Delivery (CPD) for further action. If this occurs and your performance does..... not improve... to satisfactory levels within the specified period, this can be considered grounds for termination of the contract at your..... expense as... provided for in the Conditions of Contract. In lieu of termination, CPD may issue a Notice of Written Warning or a Notice.... of.. Unsatisfactory... Performance. A supplier in receipt of multiple Notices of Written Warning or a Notice of Unsatisfactory Performance.... may... in accordance... with The Public Contracts Regulations 2015 (as amended) be excluded from future public procurement.... competitions for a period of up to.. three years.

### VI.4) Procedures for review

#### VI.4.1) Review body

The UK does not have any such bodies with responsibility for review/appeal or mediation procedures.

Belfast

Country

United Kingdom

#### VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

CPD complied with the Public Contracts Regulations 2015 and, where..... appropriate, incorporated a standstill period (i.e. a minimum of 10 calendar days) at the point information was communicated to..... tenderers. That notification provided full information on the award decision. This provided time for the unsuccessful tenderers to..... challenge the award decision before the contract was entered into.
