### **II.2.4) Description of the procurement**

Housing Services require a contract for the supply of trade materials and associated services, including the provision and management of a central store facility. The Council intends to put in place a single-supplier contractual solution for the overall requirement.

The adoption of this proposal will mean that materials that are currently supplied by a large number of different suppliers across a number of contracts would in future be contracted to one single supplier. This will provide a single point of contact for operational staff and a single store location for materials.

Further it will allow the Council to implement a fully integrated stock management process.
