1) Redacted Commercial Agreement

2) List of Successful Suppliers

3) Approved Customer list

4) Transparency Agenda

On 02/04/2014, Government introduced its Government Security Classifications (GSC) scheme which

replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction

in the number of

security classifications used. All bidders were required to make themselves aware of the changes as it

may impact this requirement. This link provides information on the GSC at:

<https://www.gov.uk/government/publications/government-security-classifications>

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling

personal information or provide certain ICT products/services. Government is taking steps to reduce

the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme

defines a set of controls which, when implemented, will provide organisations with basic protection

from the most prevalent forms of threat coming from the internet. To participate in this procurement,

bidders were required to demonstrate they comply with the technical requirements prescribed by Cyber

Essentials, for services under and in connection with this procurement.
