Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Communications Solutions

Reference number

CA15266 - UOE/DU/TELE/01

II.1.2) Main CPV code

- 32500000 - Telecommunications equipment and supplies

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Framework will provide a comprehensive range of communications and telecommunications solutions. It is let by the University of Essex and is available for use by all organisations across the UK Public Sector (and any future successors). These include (but not limited to) central government departments and agencies, Non Departmental Public Bodies, NHS bodies, Local Authorities, Police Authorities, Emergency Services, Educational Establishments, Hospices, Registered Charities, National Parks, Registered Social Landlords and any other body permitted by the Contracting Authority. Full details of the classification of eligible end user organisations and geographical areas is available at: <http://www.dukefieldprocurement.co.uk/fts-eligible-users>

The framework will be let across four Lots, with a maximum of 10 suppliers awarded a place on each of the Lots.

II.1.5) Estimated total value

Value excluding VAT: £90,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for maximum number of lots
4

Maximum number of lots that may be awarded to one tenderer: 4

II.2) Description

II.2.1) Title

Unified Communications and Telephony

Lot No

1

II.2.2) Additional CPV code(s)

- 45232332 - Ancillary works for telecommunications
- 72320000 - Database services
- 32252100 - Hands-free mobile telephones
- 32400000 - Networks
- 32523000 - Telecommunications facilities
- 32570000 - Communications equipment
- 48000000 - Software package and information systems
- 32543000 - Telephone switchboards
- 32522000 - Telecommunications equipment
- 72212730 - Security software development services

- 72900000 - Computer back-up and catalogue conversion services
- 72212761 - Anti-virus software development services
- 32581000 - Data-communications equipment
- 48219700 - Communications server software package
- 48761000 - Anti-virus software package
- 32412100 - Telecommunications network
- 32524000 - Telecommunications system
- 72212731 - File security software development services
- 48732000 - Data security software package
- 64210000 - Telephone and data transmission services
- 64212700 - Universal Mobile Telephone System (UMTS) services
- 32260000 - Data-transmission equipment
- 48760000 - Virus protection software package
- 73421000 - Development of security equipment
- 64212000 - Mobile-telephone services
- 72800000 - Computer audit and testing services
- 35700000 - Military electronic systems
- 45314000 - Installation of telecommunications equipment
- 32521000 - Telecommunications cable
- 32546100 - Digital switchboards
- 32412000 - Communications network
- 72400000 - Internet services
- 32250000 - Mobile telephones
- 72210000 - Programming services of packaged software products
- 50331000 - Repair and maintenance services of telecommunications lines

- 32270000 - Digital transmission apparatus
- 66131000 - Security brokerage services
- 32237000 - Walkie-talkies
- 32500000 - Telecommunications equipment and supplies
- 72600000 - Computer support and consultancy services
- 32571000 - Communications infrastructure
- 72212732 - Data security software development services
- 64200000 - Telecommunications services
- 72200000 - Software programming and consultancy services
- 35120000 - Surveillance and security systems and devices
- 50330000 - Maintenance services of telecommunications equipment
- 64000000 - Postal and telecommunications services
- 32572000 - Communications cable
- 72420000 - Internet development services
- 50332000 - Telecommunications-infrastructure maintenance services
- 48731000 - File security software package
- 64227000 - Integrated telecommunications services
- 50333000 - Maintenance services of radio-communications equipment
- 51300000 - Installation services of communications equipment
- 72500000 - Computer-related services
- 48511000 - Desktop communications software package
- 48900000 - Miscellaneous software package and computer systems
- 32510000 - Wireless telecommunications system
- 32520000 - Telecommunications cable and equipment
- 32344220 - Radio pagers
- 72000000 - IT services: consulting, software development, Internet and support

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

United Kingdom

II.2.4) Description of the procurement

The Lot will involve, amongst other aspects, the supply of communications software, hardware, installation, training and support of communications supplies, services and solutions whereby users can use a multitude of different devices such as physical phones, software on laptops, PC's and apps on mobiles to make and receive calls via a telephony platform.

The Lot will provide the intelligent combining of voice, video, instant messaging, mobile voice and data, and other multimedia services in a bespoke way depending on the end users' needs. This Lot will cover all encompassing solutions offering for example Desktop Agent/Supervisor, Contact Centre, Video Conferencing and Email/Text management functionality. It will also provide access to IP Telephony, Voice Over IP Services and Call Tariff Packages; encompassing the provision and support of IP solutions and Cyber Security provisions.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £22,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Network Connectivity

Lot No

2

II.2.2) Additional CPV code(s)

- 32400000 - Networks
- 72210000 - Programming services of packaged software products
- 48760000 - Virus protection software package
- 32270000 - Digital transmission apparatus
- 35120000 - Surveillance and security systems and devices
- 32550000 - Telephone equipment
- 72420000 - Internet development services
- 32572000 - Communications cable
- 32546100 - Digital switchboards
- 72800000 - Computer audit and testing services
- 45232332 - Ancillary works for telecommunications
- 50331000 - Repair and maintenance services of telecommunications lines

- 50330000 - Maintenance services of telecommunications equipment
- 32252110 - Hands-free mobile telephones (wireless)
- 72212760 - Virus protection software development services
- 72212730 - Security software development services
- 64200000 - Telecommunications services
- 32510000 - Wireless telecommunications system
- 72600000 - Computer support and consultancy services
- 48219700 - Communications server software package
- 51300000 - Installation services of communications equipment
- 64227000 - Integrated telecommunications services
- 72500000 - Computer-related services
- 32524000 - Telecommunications system
- 72700000 - Computer network services
- 32571000 - Communications infrastructure
- 72320000 - Database services
- 73421000 - Development of security equipment
- 64212000 - Mobile-telephone services
- 50333000 - Maintenance services of radio-communications equipment
- 48000000 - Software package and information systems
- 32570000 - Communications equipment
- 48732000 - Data security software package
- 32521000 - Telecommunications cable
- 32522000 - Telecommunications equipment
- 32543000 - Telephone switchboards
- 72212732 - Data security software development services
- 32250000 - Mobile telephones

- 32520000 - Telecommunications cable and equipment
- 72000000 - IT services: consulting, software development, Internet and support
- 66131000 - Security brokerage services
- 72400000 - Internet services
- 32252100 - Hands-free mobile telephones
- 48731000 - File security software package
- 32344220 - Radio pagers
- 48730000 - Security software package
- 50332000 - Telecommunications-infrastructure maintenance services
- 72100000 - Hardware consultancy services
- 64000000 - Postal and telecommunications services
- 72212731 - File security software development services
- 32500000 - Telecommunications equipment and supplies
- 72200000 - Software programming and consultancy services
- 32260000 - Data-transmission equipment
- 48511000 - Desktop communications software package
- 35700000 - Military electronic systems
- 72212761 - Anti-virus software development services
- 72700000 - Computer network services
- 45314000 - Installation of telecommunications equipment
- 32523000 - Telecommunications facilities
- 48900000 - Miscellaneous software package and computer systems
- 32237000 - Walkie-talkies
- 72900000 - Computer back-up and catalogue conversion services
- 32412000 - Communications network
- 64225000 - Air-to-ground telecommunications services

- 64212700 - Universal Mobile Telephone System (UMTS) services
- 48761000 - Anti-virus software package
- 32412100 - Telecommunications network
- 32581000 - Data-communications equipment

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

United Kingdom

II.2.4) Description of the procurement

The supply, setup and support of networks and associated networking services. It addresses the supply and support of networks and associated networking services for the provision of managed connectivity for high bandwidth secure services and other communications and telecommunications requirements.

This Lot also encompasses but is not limited to, the provision and support of digital connections, network equipment and servers, along with associated support services within premises, and will include Managed LAN services, Wi-Fi and Cyber Security provisions.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £22,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Mobile Communications

Lot No

3

II.2.2) Additional CPV code(s)

- 48732000 - Data security software package
- 45232332 - Ancillary works for telecommunications
- 50331000 - Repair and maintenance services of telecommunications lines
- 32270000 - Digital transmission apparatus
- 48000000 - Software package and information systems
- 35120000 - Surveillance and security systems and devices
- 72100000 - Hardware consultancy services
- 72200000 - Software programming and consultancy services
- 48761000 - Anti-virus software package

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

United Kingdom

II.2.4) Description of the procurement

This Lot will provide access to the entire suite of communications solutions, supplies and services detailed within the scope of Lots 1, 2 and 3 from a national one-stop-shop provision.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £24,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 40

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

1 April 2025

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.7) Conditions for opening of tenders

Date

1 April 2025

Local time

12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

The University of Essex's Internal Reference Number is UOE/DU/TELE/01. The framework is being delivered by the University of Essex and its partners Dukefield Procurement Ltd (who are a subsidiary of Dukefield Ltd). Dukefield Procurement Ltd are acting as agents of the University of Essex in the development and ongoing contract management of this framework. The contracting authority will be using an eTendering system to conduct the procurement exercise. To access the procurement documentation suppliers must register their company details on the Sourcing Cloud system at:

<https://suppliers.multiquote.com>

The tender is available from the opportunities menu on the login page of the site. The contracting authority shall not be under any obligation to accept the lowest tender or indeed any tender. The University of Essex expressly reserves the rights:

- (a) to terminate the procurement process and not to award any contract as a result of the procurement process at any time;
- (b) to make whatever changes it may see fit to the content and structure of the procurement as detailed within the tender documentation;
- (c) to award a contract covering only part of the it's requirements if explicitly detailed within the tender documentation;
- (d) to disqualify any organisation from the process that canvasses any employee of the Contracting Authority during the procurement process or standstill period if applicable;

(e) seek clarifications to tender responses on the basis that any clarification sought will not confer any undue competitive advantage in the favour of any supplier from whom such clarifications are being sought;

(f) where the contracting authority can evidence that there is a conflict of interest, either personal or in consideration of any organisation bidding for the contract, the contracting authority shall have the explicit right to immediately exclude that person or organisation from the tender process entirely;

(g) where the contracting authority has engaged in any pre-market soft testing prior to the commencement of the procurement process, the contracting authority reserves the right to name any organisation that has been involved in these discussions and release any and all specifications/ discussion documents to the market where appropriate to the subject matter of this procurement;

(h) the contracting authority will not be liable for any costs incurred by tenderers;

(i) the value of the framework provided in section II.1.5) is only an estimate and the contracting authority will not guarantee any business through this framework agreement;

and

(j) the contracting authority wishes to establish a framework agreement open for use by all Public Sector Bodies as stated in II.1.4).

Tenderers should note, in reference to section IV.1.3), envisaged maximum number of participants to the framework:

Where, following the evaluation of bids, more than one tenderer is tied with the same final evaluation score and are ranked in the last supplier award position, each of these tenderers shall be deemed to occupy the last framework agreement contract award position for the purpose of calculating the maximum number of suppliers under the framework. The contracting authority will award a framework agreement to additional tenderers on the framework beyond the stated maximum number, where their final evaluation score (s) is within 0.5% of the last placed position on the framework.

For the avoidance of doubt, for each Lot, the last placed position in respect of this framework is tenth. Therefore, tenderers within 0.5%, along with the tenderer in last placed position, shall be deemed to occupy the last framework agreement contract award position for the framework.

VI.4) Procedures for review

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The University of Essex will incorporate a minimum 10-day standstill period at the point information on the award of contract is communicated to tenderers. Bidders who are unsuccessful shall be informed by the Contracting Authority as soon as possible after the decision is made as to the reasons why the bidder was unsuccessful. If an appeal regarding the award of the contract has not been successfully resolved, the Public Procurement Regulations provide for the aggrieved parties who have been harmed or

who are at risk of harm by the breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any action must be generally brought within 3 months. If a declaration of ineffectiveness is sought, any such action must be brought within 30 days where the Contracting Authority has communicated the award of the contract and a summary of reasons to tenderers, or otherwise within 6 months of the contract being entered into.

Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the Contracting Authority to amend any document and may award damages. If the Contract has been entered into the Court may, depending on the circumstances, award damages, make a declaration of ineffectiveness, order the Contracting Authority to pay a fine, and/or order that the duration of the contract be shortened. The purpose of the standstill period referred to above is to allow the parties to apply to the Courts to set aside the award decision before the contract is entered into.
