Description

Tender Notice for Cadw's Grounds Maintenance Services ref C369/2025/2026. Please see tender docs on [etenderwales](#) bravosolution for more information and how to respond electronically via [etenderwales project_61899 itt_122676](#). Interested bidders should note that Cadw are offering supervised site visits to a selection of sites across north Wales. Further information on the visits including sites, dates and joining instructions can be found in the ITT document at paragraph 8. Cadw has a statutory duty to both maintain and conserve the monuments in its care and provide safe access to the public where possible. The conservation of the historic monuments themselves is undertaken by Cadw's in-house heritage craft masons and joiners (Cadwraeth) and by contracting specialist historic conservation specialists where in-house specialists are unavailable. Grounds Maintenance is one of the services that Cadw must procure externally. Cadw will procure grounds maintenance (GM) services directly on a multi-region basis to cover all Wales, this to mirror the Cadwraeth regions already in operation. The regions covered by this

opportunity are north east Wales and Ynys Mon. All other areas have been procured through a separate contract opportunity (ref ocid: ocids-h6vhtk-051de3 and notice ID: 154378) however, north east Wales and Ynys Mon received no bids, and so are being re-procured through this separate exercise. The exact boundaries of this exercise (and the previous exercise) can be found in the documentation noted above. The Grounds Maintenance Service will include (but is not exhaustive) work areas covering Soft Landscaping, Grass, Planted Areas, Hedges, Trees, Leaf Clearance, Reens, Ponds, Ditches and SWALES, Fertilisers, Invasive Species, Hard Landscaping, Boundary Walls, Gravel Borders, Weed Control.

Total value (estimated)

- £864,000 excluding VAT
- £1,036,800 including VAT

Above the relevant threshold
