### **II.2.4) Description of the procurement**

The first Social Housing Emerging Disrupters (SHED) Framework Agreement was launched in January 2022, comprising 18 innovative solutions. The aim was to create a framework of innovation permitting start-ups, small and medium sized businesses and the voluntary sector as well as established larger companies to offer their innovative products and services to the public sector. The second SHED framework (SHED 2) comprising a further 20 suppliers with a range of innovative solutions was launched in January 2023 and was shortlisted for the 'Innovation Procurement Project of the Year' Award by Built Environment Network. SHED 3 commenced in January 2024.

To reflect the emerging nature of innovation, a fourth SHED Framework (SHED 4) will be procured in Autumn 2024. The solution will enable PfH Members to procure a range of products and services that offer real and innovative benefit to the housing and wider public sector. The framework will provide successful suppliers with the opportunity to

promote their innovation and will allow fledgling markets to test their true potential, providing the foundations for success and wider adoption across the public sector.

The Framework Agreement will operate on a national basis, providing an offering suitable for members of PfH in England, Wales, Scotland and Northern Ireland and other public bodies permitted to use the Framework Agreement. Suppliers will not be excluded for not being able to supply all regions.
