Under the terms of this contract the successful supplier(s) will be required to deliver Community Benefits in support of the authority's economic and social objectives. Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The Community Benefits included in this contract are:

Bangor University is committed to contributing to the social, economic and environmental well-being of the wider community. Accordingly, while the following Community Benefits objectives will not be evaluated as part of the tender process, the successful contractor will be expected to present a Community Benefit Proposal with their tender detailing how, in the event that they should be successful in winning the contract, they will address the following Community Benefit themes:

- provision of apprenticeship schemes;
- other work-related training schemes, including training the existing workforce and/or the workforce of the University, Toolbox talks, Continuing Professional Development Workshops;

- work experience opportunities for undergraduates.
- contribution to community schemes.

If successful the winning bidder will discuss the content of their Community Benefit Proposal and agree a plan for the delivery of the agreed Community Benefits which will become a condition of contract.

(WA Ref:109416)

The buyer considers that this contract is suitable for consortia.
